

# Plot to Blow Up Providence P.O.

## Two Bolshevik Armies Wiped Out

### CLOSE WATCH FOR PLOTTERS

Federal Building and Old Customs House Building at Providence Guarded

Report Attempt to be Made to Blow Up Both Structures

PROVIDENCE, R. I., May 6.—As a result of information received by government authorities here that an attempt might be made to blow up the federal building and the old customs house building, guards watched both structures all last night and will remain on duty for some time. All persons entering the federal building or approaching the old customs house building, which was closed some years ago, are being watched closely.

### REGULATING TRAFFIC IN PRESCOTT STREET

In a further effort to smooth out traffic conditions in Merrimack square and in streets leading thereto, Superintendent Welch of the police department this morning again stationed Sergt. Palmer and Patrolman Breaud in Prescott street to enforce a non-stop order in that narrow but heavily traveled thoroughfare. Vehicles are allowed to stop there only long enough to deliver or take on passengers or merchandise.

Several weeks ago these same police officers in plain clothes worked in Prescott street on this problem for a number of days, during which time conditions improved tremendously. In a hope that there would be a continuance of this improvement, the officers were withdrawn. For a few days such was the case, but without the presence of the police, retrogression was evident until it was found necessary to again place the officers on the job.

The effect of placing the two policemen in Prescott st. today was instantaneous and a free movement of traffic both ways through the street was maintained. This not only reflected in Merrimack square but also in Central street and prevented many tie-ups which seem bound to occur without a strict enforcement of the no-parking order in the street in question.

### LLOYD GEORGE TO IGNORE CONGRESSMEN'S NOTE

LONDON, May 6.—Premier Lloyd George will not take cognizance of the message from American congressmen relative to Ireland.

"This sort of thing has ceased to cause any stir here," an official at the residence of the prime minister said this morning. "We long since have come to believe that resolutions and messages coming from America are political maneuvers, and that they do not represent American sentiment. Consequently, they have little weight."

### 15 FISHING BOATS SUNK

Furious Hurricane is Raging in the Straits of Gibraltar

Much Damage Reported—Wire and Railway Communication Interrupted

CADIZ, May 6.—A furious hurricane is raging in the Straits of Gibraltar, and much damage has been done, reports stating that 15 fishing boats have been sunk. Telegraphic and railway communication is interrupted around this city. In Tangier, the cyclone which prevailed last night, made it impossible to supply electric current for lighting the city.

### HELD WITHOUT BAIL

Two Men Arrested as Suspects in Connection With Braintree Murder

BROOKTON, May 6.—Two men, Bart Vanzetti, 32, of Plymouth, and Mike Saco, 31, of Stoughton, arrested last night by Brockton police as suspects in connection with the South Braintree murder April 15, were held in court here today without bail for a hearing Saturday.

State police and the district attorney's staff are working upon the case. It is alleged that the authorities have witnesses who will identify the men as those who took part in the Braintree payroll robbery.

### ASKED TO VACATE

Barry Shoe Company Must Find New Quarters

The Barry Shoe Co., for a number of years occupants of the brick mill property in Stackpole street owned by the Wameet Power Co., has been asked to vacate the premises on June 1, to make room for the Sawyer Carriage Co., which has obtained a lease on the plant. If the new occupants purchase the property outright, the transaction will total considerably more than \$20,000, for the assessed valuation on land and property is \$18,420.

Up to the present time the Barry Co. has not been able to secure another plant for the continuance of its shoe manufacturing in this city. But several places are under consideration. It is said, one of which may be secured within a day or two. Also, it is understood that the company has been offered one or two attractive manufacturing sites out of town, but is reluctant to leave Lowell unless absolutely necessary.

The Sawyer Carriage Co., which will take over the plant on June 1, at present is situated in Howard street and Middlesex place.

NEW YORK CLEARINGS  
NEW YORK, May 6.—Exchanges, \$740,917,012; balances \$55,616,626.

### FIERCE BATTLE AROUND KIEV

Fight for Possession of City Continues Day and Night—Poles Close In

Reports that Two Russian Red Armies Had Been Destroyed Are Confirmed

WARSAW, May 6 (By the Associated Press).—Fighting between the Poles and Bolsheviks for possession of Kiev, capital of the Ukraine, continues day and night. In the entire semi-circle of the Kiev bridgehead the Polish infantry is in contact with the Bolshevik infantry.

The Poles are slowly pushing back the enemy in the face of machine gun and artillery resistance.

Two Armies Destroyed  
BERNE, May 6.—Reports that two Russian Bolshevik armies have been destroyed.

### M'CALL ACCEPTS PLACE ON TARIFF COMMISSION

WINCHESTER, May 6.—Former Governor Samuel W. McCall has been offered appointment to the tariff commission and has sent word to the White House that he will accept. He said today that his decision was made after receipt of a letter from Chairman Page of the commission urging him to accept and outlining what he said was the very important character of the work to be undertaken by the commission during the coming year. Mr. McCall is a republican. He served 14 of his 30 years in congress as a member of the ways and means committee of the house, which initiates tariff legislation.

Nominated by President  
WASHINGTON, May 6.—Samuel W. McCall, former governor of Massachusetts, was nominated today by President Wilson to be a member of the tariff commission.

### TURKEY'S PEACE ENVOYS AT VERSAILLES

VERSAILLES, France, May 6.—Turkey's delegation to the peace conference arrived here today.

MUNICIPAL PAYROLL  
This week's payroll for municipal departments totals \$35,755.56, the largest in the history of the city. The increase is due to the fact that a lot of new work has been opened up in many departments, recently, necessitating the employment of more men.

### SHOULD HAVE MORE POWER

Mayor Thompson Says Chief Executive Should Control City's Finances

Discusses Appointment of Commission to Study Charter Situation Here

Would Appoint to Charter Commission Men Unbiased in Their Opinions

Believes Health Department Should be Entirely Separate From Police Dept.

"If the state legislature doesn't give me authority to appoint a commission of 15 members, who shall study the charter situation in Lowell, I shall appoint men who have showed no marked inclination toward any particular form of charter and who will be able to make a survey of the situation here with open minds."

So spoke Mayor Perry D. Thompson when informed this morning that Senator Frank H. Putnam had introduced a bill in the senate yesterday giving the mayor authority to appoint such a commission and that the bill had been passed by the upper body.

The mayor says that although he believes the present form of charter is about as good as can be obtained for a city of this kind, providing it were amended in various respects, nevertheless, he would not let that opinion influence him in the selection of the commission of 15 men.

"I have not entered into the charter discussion that has been going on here for the past few years," he said in discussing the matter, "because I thought it was not my place to take an active part in such discussion. If the people want a change of charter, I should be the last man to oppose it and I shall certainly see to it, if the legislature passes Senator Putnam's bill."

### CHANGING A HABIT

The hardest thing in the world is to change a habit. Still, the whole United States changed from extravagance to thrift during the War. If an entire nation can do this, so can you. Begin the Saving Habit now by starting an account at this bank.

### ANOTHER STRIKE IN LAWRENCE

Union Stationary Engineers in Several Mills Struck This Morning

New York Strikers Parade Tonight—Ultimatum to Pittsburgh Strikers

LAWRENCE, May 6.—Union stationary engineers in a number of local textile mills struck this morning, their demands for a 48-hour week and a minimum wage of from \$10 to \$50 a week not having been granted. The engineers have been working from 60 to 66 hours a week and union officials say their pay has been from \$25 to \$45 per week.

All the mills were running as usual today and at some of the plants it

### MISDEMEANOR TO GIVE FALSE NEWS TO PAPER

ALBANY, N. Y., May 6.—The Betts bill, making it a misdemeanor to furnish false news to a newspaper, was signed by Gov. Smith today. The new law reads: "Any person who knowingly and wilfully states, delivers or transmits by any means whatever, to any manager, editor, publisher, reporter or other employee of a publisher of any newspaper, magazine, publication, periodical or serial, any false and untrue statement of a fact concerning any person or corporation, with intent that the same shall be published, is guilty of misdemeanor."

### MAY NEVER RETURN

Fear for Safety of Turkish Emissaries

CONSTANTINOPLE, May 5. (By Associated Press).—After consultation with the cabinet, Damad Ferid Pasha, the grand vizier, decided today to send Nazim Pasha, former chief of staff, and Nureddine Pasha, formerly governor of Smyrna, to Ankara for the purpose of effecting a compromise with Mustafa Kemal Pasha, the national leader.

The efforts to induce Turkish troops to oppose Mustafa Kemal's forces appear to be becoming more difficult daily.

Doubt is expressed among observers here if the two emissaries the grand vizier is sending to Ankara will ever return to Constantinople.

### TO FIX INTEREST RATES

City Treasurer Empowered to Designate Interest on High School Loan

CITY TREASURER Fred H. Bourke received information today that the legislature passed yesterday an act empowering the treasurers of cities and towns in this commonwealth to designate the rates of interest on all bonds, notes, etc., issued by a city or town in loan transactions. The passage of this act will probably have a more important effect on Lowell than any other community in the state, owing to the fact that the borrowing of \$400,000 for the new high school, as authorized by the legislature in 1915, has been held up because at that time it was stipulated that the money should be paid for a 4% per cent. interest rate.

Within the past year, of course, no financial house or bank would accept notes paying such a low rate of interest, but the city treasurer had no power to offer a larger rate, owing to the 4% per cent. stipulation in the high school loan authorization act of 1915. Money authorized in 1913 and again this year for the high school has had no interest rate stipulations; the treasurer had the right to pay whatever interest required.

However, in the near future the city might be seriously inconvenienced in the construction of the new high school if it were not able to borrow \$400,000 of the loan authorized in 1915. To that end, an effort was made to have legislation passed authorizing the treasurer of this city or any other city and town of the state to disregard previous stipulations of percentage rates in loan authorizations and to fix rates of interest themselves with the approval of the municipal council or whatever governing body there happens to be in the community.

This will mean that there will be no further delay in borrowing the complete amount which the city has been authorized to purchase for the high school and that as far as finances are concerned, there should be no hindrance to the completion of the building.

PRES. GOMPER'S WIFE ILL  
WASHINGTON, May 6.—Mrs. Samuel Gompers, wife of the president of the American Federation of Labor is seriously ill at her home here. Mrs. Gompers is 62 years of age and has suffered two strokes of paralysis.

### R. R. Executives Ask for \$500,000,000

WASHINGTON, May 6.—An additional \$500,000,000 during this year to finance the construction of freight cars was asked of congress today by the railroad executives.

### Would Amend Immigration Laws

WASHINGTON, May 6.—Immediate amendment of the immigration laws was considered today at a special meeting of the senate immigration committee, called as a result of the ruling yesterday by Secretary Wilson that membership in the communist labor party is alone insufficient cause for deportation of aliens.

### SEARS GOES TO JAIL

Head of Shoe Firm Begins Sentence for Plot to Defraud Government

BOSTON, May 6.—Frank I. Sears, vice president and general manager of the A. J. Bales' Shoe Co., of Webster, today was taken to the Greenfield jail to begin a sentence of a year and a day for conspiracy to defraud the government and for bribing federal inspectors, in connection with the making of army shoes. The United States district court this morning reaffirmed the sentence which was imposed a year ago, but was delayed by unsuccessful appeals.

### PERSHING TO SPEND WEEK IN MAINE

AUGUSTA, Me., May 6.—According to tentative arrangements made by Adjutant General George M. Prescott, General John J. Pershing will arrive in the state of Maine Monday, May 24, and remain until the following Saturday, when he will leave Presque Isle for Boston.

## WHO WOULDN'T BE A BLACK SHEEP?

Margaret had a little lamb,  
His fleece was black as soot;  
And everywhere that Margaret  
went,  
His sooty foot he put.

Grateful Albanians gave Mar-  
garet the black sheep for her  
Red Cross work in Albania, and  
she brought the pet back to the  
U. S.

MARGARET H. WILLIAMS

## BOYS SWARM MARINE RECRUITING STATION

The marine recruiting station in the  
Old Fellows building in Middlesex  
street is besieged with boys of the  
ages of 15 and 16 years old as a conse-  
quence of the announcement a short  
while ago that they would be accept-  
ed as apprentices for musicians. Ser-

geant Anderson, however, is very care-  
ful in signing up the youngsters be-  
cause many try to enlist under the  
wrong age and because parents' con-  
sent is necessary for them to enlist.  
He expected a number of mothers of  
boys with whom he had talked to visit  
the station today to sign the papers  
for their boys.  
A marine knows everything that any  
soldier knows, much that the sailor

Her Nerves Gave  
Out Completely

It does not pay to experiment with  
your health. The result is generally  
increased suffering and needless pain.  
When the blood becomes thin and your  
complexion grows pale begin at once  
with the tonic which Mrs. H. Robinson,  
of No. 412 Main street, Clinton, Mass.,  
recommends. Delay in such cases gen-  
erally means nervousness, indigestion,  
sleeplessness, fainting spells, head-  
aches and general weakness.

"I had worked pretty hard, over-  
worked in fact," relates Mrs. Robinson.  
"I was so run down that the least  
effort about the house tired me out  
and my nerves were in such shape  
that I suffered frequently from head-  
aches. Noise of any kind upset me,  
whether it was the hanging of a door  
or the laughter and shouts of children.  
I had frequent dizzy spells and could  
not sleep well. I was pale and lost  
considerable weight."

"I decided to try Dr. Williams' Pink  
Pills as I had read a great deal about  
the remedy. After a week's treatment  
I felt so much improved that I con-  
tinued taking the pills. Gradually my  
strength returned and I was able to  
do my work without unusual effort.  
As my blood improved my nerves  
gained strength. I feel like myself  
again and have gained several pounds.  
I strongly recommend Dr. Williams' Pink  
Pills to those who are nervous  
and run down for I am sure that the  
remedy will help them."

All druggists sell Dr. Williams' Pink  
Pills or you can order them direct by  
mail from the Dr. Williams Medicine  
Co., Schenectady, N. Y., price 40  
cents per box postpaid. Write  
today for the booklet, "Diseases of the  
Nervous System." It is free and is  
full of useful information for nervous  
people.—Adv.

knows, and as Kipling said, "There  
ain't anything under the sun that the  
beggars don't know nor do." He serves  
at naval station at home and protects  
American lives and interests abroad  
and is always ready for expeditionary  
duty; he does guard duty on board  
battleships and first class armored  
cruisers and is in the first detachment  
of any landing party sent ashore from  
those ships, and he mans the second-  
ary or torpedo defense batteries. The  
marines are given plenty of shore lib-  
erty in foreign ports provided there is  
no contagious disease ashore. Some  
of the marines are taught aviation and  
men of special ability along this line  
are assigned to this work. Their weap-  
ons are the rifle, the pistol, the green-  
ade, the machine gun, the anti-air-  
craft gun, the light, heavy and field  
artillery gun as well as modern bombs  
and trench mortars. The marine's  
training is highly spoken of because it  
is thorough and varied. There is no  
officer's training school where a civil-  
ian may train to be a marine officer.

The pay of a marine ranges from  
\$30 to \$75 a month, according to rank  
and length of service. A warrant off-  
icer, the grade just between the enlist-  
ed man and the commissioned officer  
gets from \$1750 to \$2500 a year, and  
promotion to that rank depends upon  
the worth and character of the man.  
The requirements for enlistment are  
that the applicant be an American cit-  
izen between the ages of 17 and 40

years, that he read, write and under-  
stand the English language; that he  
be of good moral character, sound of  
limb and in excellent health; that his  
eyesight and hearing are good; that  
he has sound teeth, that he is at least  
55 inches high without shoes or stock-  
ings and that he weighs not less than  
120 pounds stripped.

QUICK RELIEF FROM  
CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands  
since Dr. Edwards produced Olive  
Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician  
for 17 years and calomel's old-time  
enemy, discovered the formula for Olive  
Tablets while treating patients for  
chronic constipation and torpid liver.

Dr. Edwards' Olive Tablets do not  
contain calomel, but a healing, soothing  
vegetable laxative.

No gripping is the "keynote" of these  
little sugar-coated, olive-colored tab-  
lets. They cause the bowels and liver to  
act normally. They never force them  
to unnatural action.

If you have a "dark brown mouth"—  
bad breath—a dull, tired feeling—sick  
headache—torpid liver—constipation,  
you'll find quick, sure and pleasant re-  
sults from one or two of Dr. Edwards'  
Olive Tablets at bedtime.

Thousands take them every night just  
to keep right. Try them. 10c and 25c.

HOTEL FOR STRAY  
BOYS IN CHICAGO

CHICAGO, May 6.—The stray boy  
who for dinner flattens his nose against  
the bakery window and who at night  
sleeps with grown-up tramps in the  
park or in the back alley shed, will  
come upon better days if the plan of  
George W. Brown, of Chicago, works  
out.

A hotel for boys, to be operated so  
far as feasible by boys, and fitted up in  
a way to attract the youngster who  
sits alone in vast Chicago (temporarily  
or permanently without a home,  
is the idea of Mr. Brown, who for a  
decade, has given most of his time  
to volunteer work among homeless  
boys. His work has brought him in  
touch with juvenile court officials in  
many cities and he has enlisted their  
support in his efforts to obtain a "trans-  
ient hotel for boys" between the ages  
of 14 and 17. Joseph Tunulty, the  
president's secretary, a schoolmate of  
Mr. Brown, has lent his aid to some  
of Mr. Brown's boy betterment schemes.

"The Y.M.C.A. conducts in Chicago  
a transient hotel for men, a high sky-  
scraper, calculated to give its tenants  
clean surroundings, morally and physi-  
cally, but homeless boys under 17, hun-  
dreds of whom drift into Chicago every  
week, may rely on the dangerous ex-  
pedient of seeking a rooming house, or,  
if without funds may sleep behind ash  
barrels," Mr. Brown said today. "I  
have housed scores of these boys in my  
own home until jobs and recurrent  
pay-days lifted them off the rocks, and  
I know what even a few days of decent  
surroundings can do for them."

"The large and properly conducted

## READY TO "SHOOT" NIAGARA FALLS

LONDON—The next daring feat on the program for G. G.  
Stephens, an Englishman, will be the "shooting" of Niagara  
Falls. He's going to attempt the stunt in a barrel equipped  
with an ingenious breathing apparatus. Stephens has performed  
many other daring feats.

hotel for which we are working, and  
which will not be a 'Boys' Home,' will  
be equipped to do for thousands and  
thousands of kids what my feeble ef-  
forts have accomplished for a few  
hundred."

Iron will melt at a temperature of  
about 2600 degrees above zero.

## WARNING

In taking your hands together do not  
become addicted to smoking, drinking  
or a liberal intake of food. Try KIDNEY  
and you will find it the only remedy  
for all kidney troubles. It is a  
warning to all who are suffering from  
kidney troubles. It is a warning to all  
who are suffering from kidney troubles.  
It is a warning to all who are suffering  
from kidney troubles. It is a warning  
to all who are suffering from kidney  
troubles. It is a warning to all who  
are suffering from kidney troubles.

## Lift Off Corns!

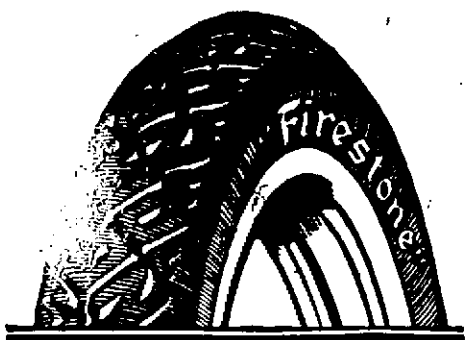

Doesn't hurt! Lift touchy corns and  
calluses right off with fingers

Apply a few drops of "Freezone" upon that old,  
bothersome corn. Instantly that corn stops  
hurting. Then shortly you lift it right off,  
root and all, without pain or soreness.

Hard corns, soft corns, corns  
between the toes, and the  
hard skin calluses on  
bottom of feet lift  
right off—no  
hamburg!

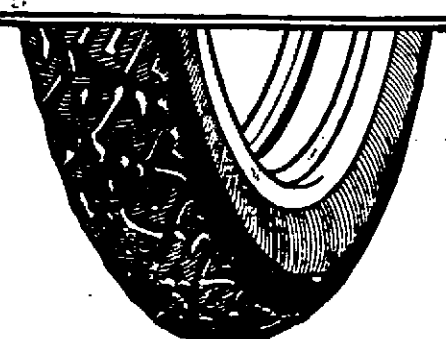

Tiny bottles of "Freezone" cost  
but a few cents at drug stores

What  
Most Miles  
per Dollar  
Means To  
7,000,000  
Car Owners

The thing that  
every tire buyer—  
for big car or small  
—is trying to buy,  
is mileage economy.  
And the one way  
to produce it is  
scientific manu-  
facturing.

That means quan-  
tity buying, quan-  
tity production  
and quantity sell-  
ing — always the  
Firestone way to  
better tire values  
at low cost.  
Buy Firestones!

Most miles per dollar is a Firestone pledge, to the big  
car owner as well as to the owners of light cars. See  
the new Standard Oversize Firestone Cord.

## RULING ON COMMUNISTS

## Sec. Wilson Says Membership in Party Not Sufficient Grounds for Deportation

WASHINGTON, May 6.—Secretary of Labor Wilson ruled yesterday that membership in the communist labor party does not of itself constitute sufficient ground for deportation of alien.

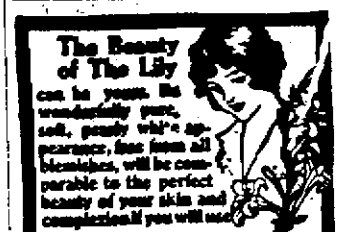

In ordering cancellation of a warrant under which Carl Miller, a German, was held because of such membership, the secretary declared that while evidence from the organization's platform indicated an extremely radical objective, there was no evidence of intention to use force or violence toward organized government.

The department of justice frankly deplored the labor secretary's decision. Asst. Atty. Gen. Garvan, in charge of raids on radical elements, asserting that because of it, all undesirable persons could enter the folds of the com-

munist labor party and be free from government interference.

Since Mr. Wilson already has held that an alien could not be deported because of membership in the I.W.W., only membership in the communist party now brings an alien within the purview of the law providing deportation for those affiliated with existing organizations that believe in or advocate overthrow by force or violence of government.

Although Mr. Wilson declared that examination of their platforms showed some very substantial differences be-

between the communist and the communist labor parties. Mr. Garvan asserted last night that in principle, they were "absolutely the same," and predicted that members of the communist party, now outlawed, would affiliate with the communist labor party to avoid deportation proceedings.

In a general review of the case Secretary Wilson said it had been argued by counsel that the tactics of the communist party in Russia "are the methods intended to be pursued by the communist labor party of America and that certain statements of prominent communists relative to the objects of the communist labor party should be taken as showing the intent of the party itself."

"The tactics of the communist party in Russia," he added, "can have no bearing on the communist labor party in the United States except insofar as those tactics are accepted or adopted by the communist labor party; nor can the statements made by prominent members of the party be accepted as the expression of the organization unless the party by its own action adopts the statements."

"Excerpts from the communist labor party platform and program indicate an extremely radical objective but there is nothing in that which discloses an intention to use force or violence, or that is incompatible with the use of parliamentary machinery to attain the radical end it has in view. The belief in, teaching and advocacy of the class struggle, mass action, the

## Red blood

Rich, red blood coursing through your veins is a sure sign of a good digestion. Unless your stomach, liver and other digestive organs are working promptly and thoroughly, the blood cannot assimilate all the nourishment from your food; your energy and vitality are not renewed. Eat all you want, only avoid too much pastry and rich foods, but be sure to take plenty of time, to chew slowly and well. Chewing is the first part of the process of digestion. A teaspoonful of "L.F." Alwood's Medicine occasionally, will purge your system of impurities, and allow only nutritious elements to enter the blood. It will keep your liver active and you will get the full benefit of your food.

Keep a bottle of "L.F." always on hand. It is absolutely harmless under all conditions, and will help young and old alike. It has been a household remedy in many families for three generations. Your dealer sells it for 50c a bottle. If you have never tried it, get a bottle today. "L.F." Medicine Co., Portland, Maine.

14 Doses

conquest of political power, the dictatorship of the proletariat, socialism, communism, the one big union, shop committees, shop stewards and other social, industrial, economic and political changes mentioned in the communist labor party platform and program, however reprehensible these things may be to the minds of any or all of our people, do not bring the organization within the purview of the act, as long as it does not propose to use force or violence to accomplish its purpose. If the American people are left free to discuss and decide the questions presenting themselves for consideration from day to day, uninfluenced by the threat of force or violence, they can be relied upon to protect themselves against any false philosophies, wild-eyed revolutions, or dictatorships of any kind."

Commenting last night on Secretary Wilson's labor ruling, Asst. Atty. Gen. Garvan said it meant that "all aliens can enter the folds of the communist labor party and the government cannot touch them." He added that they could "advocate revolution and keep on advocating violence with perfect impunity unless congress changes the law."

Mr. Garvan said that until Atty. Gen. Palmer had had an opportunity to study the opinion in the case, the department's course as to future action against radicals could not be determined.

"By virtue of the authority placed in the secretary of labor to interpret application of the law," Mr. Garvan added, "the case of the department of justice falls flat. There is nothing more it can do in apprehending such menacing characters as we believe constitute the communist labor party."

The department of justice, raids of last January disclosed the membership of the communist labor party to be between 50,000 and 60,000, Mr. Garvan said. He did not believe these figures indicated the actual strength of the group nor, he said, did they reveal anything "as to the number of Bolsheviks which will flock to the haven created by the latest ruling."

Mr. Garvan declared the department of labor already had released about 1600 members of the communist labor party who were taken in the January raids and that warrants in the cases of about 200 others would be cancelled as a result of the ruling.

BIG REDUCTION IN NUMBER OF MAGAZINES SHIPPED FROM U. S. TO CANADA

TORONTO, May 6.—Shipments of magazines from the United States to Toronto are from \$4 to \$1 tons less weekly than during normal distribution, as a result of the paper short age in the United States, it was stated today. Several publications which previously had wide circulation in Canada, have virtually discontinued shipments across the border.

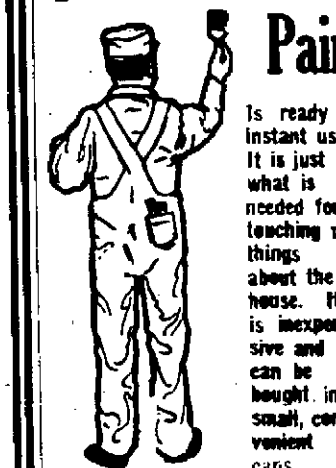

Be Careful What You Wash Your Hair With

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is Multisid coconut oil shampoo, for this is pure and entirely greaseless. It's very cheap and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff. Adv.

## WOOD ASSURED 10,000 PLURALITY IN INDIANA

INDIANAPOLIS, Ind., May 6.—Major General Leonard Wood with a total of 11,514 votes, apparently is assured of a plurality of almost 10,000 over Senator Hiram W. Johnson of California who has 72,432 on the face of unofficial returns from 3163 precincts out of 3387 in Indiana in Tuesday's primary election. The 204 missing precincts are in 14 scattered counties of the 32 of the state.

Gov. Frank O. Lowden of Illinois, with a total of 36,782 votes continues in third place, while Senator Warren G. Harding of Ohio is fourth with 19,218.

The question of whether Indiana's 26 delegates to the national convention shall go instructed for Gen. Wood because of his plurality or uninstructed will come up for settlement at the state convention next Wednesday. The state law provides that only a majority of the votes cast is binding on the delegates.

Johnson's Lead Grows

SAN FRANCISCO, May 6.—Belated returns from Tuesday's presidential preference election early today had increased in 156,539, the lead of the Senator Hiram W. Johnson group of delegates over the Herbert C. Hoover ticket.

With all but 491 of the 5124 precincts in the state heard from, the vote stood: For Johnson delegates, 358,525; for Hoover delegates, 192,626.

## ANNUAL MEETING OF THE BOARD OF DIRECTORS OF THE Y.M.C.A.

At the annual meeting of the board of directors of the Y.M.C.A. on Wednesday evening, Louis A. Olney was re-elected president of the association. Robert Friend, C. P. Flemings and M. B. Rollinson were new directors chosen, while the following were re-elected: W. H. G. Wight, S. H. Thompson, C. R. Redway, O. W. Butler and H. J. Hall. Other officers chosen were: David M. Cameron, vice president; C. B. Redway, treasurer; W. H. G. Wight, clerk; J. W. Black and I. O. Small, auditors. John F. Sawyer and D. L. Page were re-elected trustees.

Among the reports submitted was one which showed the present membership of the association to be 1877, including more than 800 free memberships given to service men.

SIR LOUIS A. JETTE DEAM

QUEBEC, May 6.—Sir Louis Jette, lieutenant governor of the Province of Quebec from 1908 to 1918, and chief justice of the provincial court of king's bench from 1909 until his retirement a few years ago, died here last night. He represented the Dominion of Canada on the Alaska boundary commission in 1903 and was formerly a member of the Canadian parliament.

## LOWELL HIGH GETS JUMP ON ARLINGTON

Lowell high ran its string of consecutive victories up to four yesterday afternoon when Arlington high was defeated at Arlington by the score of 5 to 4. Lowell got the jump on Principal Carl Hurst's team and bunched hits with Arlington errors in the first four innings. They scored another in the third. Arlington rocked Goldman hard in the third inning, and the local boy gave way to McAdams in the fifth inning. Although McAdams yielded one run in the seventh, Arlington was unable to tie the score. O'Hare hit well for Lowell, scoring a single and a triple.

Coach Donahue's boys will jump back into the harness tomorrow afternoon when Boston high school of Commerce sends its team to Spaulding park. Orfway will draw the pitching assignment.

The score of yesterday's game follows:

LOWELL HIGH		ARLINGTON HIGH	
Ab	R	Ab	R
Cahill 1b	2	1	1
Reynolds ss	1	1	1
O'Hare lf	1	2	2
Brown 2b	1	1	1
Liston c	1	1	1
Simon 3b	1	1	1
Donahue rf	1	1	1
Condon 2b	1	1	1
Goldman p	1	1	1
Jarvis cf	1	1	1

Totals: Lowell 5, Arlington 4.

Three base hits: Liston, Duncan, Cahill. Off Goldman 2. Off McAdams 1. Off Viano 2. Hit by pitcher: By Goldman 1. Struck out: By Goldman 6; by Viano 5; by McAdams 1. Time: 1b. 55 min. Umpires: Peabody.

### MR. PEQUIN

## He's the Little Man With a White Vest

You might say about Mr. Penguin that he's the little man with a white vest. This bird is one of the most curious and interesting of the feathered tribe. He stands erect like a man, with his head tails touching the ground behind, his round, aldermanic white vest in view in front, and with the wisest, most cocksure look imaginable on his face.

Like the American pelican, penguins live in colonies. In the Pacific is an island called Macquarie. That is one-third the area of Chicago, but with double the population. In penguins, that Chicago has. It is estimated that at least 5,000,000 of these birds inhabit the island. There are whole areas where the ground is completely hid-

den by nesting penguins. As many as 150,000 a year are killed for their feathers, and to boil down for the oil in them. Only one egg is laid, but there is no sign of the colony diminishing.

Penguin has very short legs and inasmuch as he is three feet high and pretty robustly built, he is very awkward on them. His wings are more like flippers and they enable him to swim easily under water, where he gets his food. He often dives to great depths. He doesn't fly much. His home is in the cold seas, close to eternal ice and so as to keep him warm nature has provided his body with a layer of blubber-like fat. When you see a penguin at sea you usually see an army of them because they go afloat in great "swimming schools."

Some penguins build nests; others lay their eggs on the bare ground. But they are most devoted. Both Penguin and Mrs. Penguin sit on their single egg and the mother takes care of the baby penguin for a whole year until another egg arrives, needing undivided attention. Fossils have been found showing that this bird used to be six to seven feet tall.

**NO TIPS FOR CADDIES**  
NEW YORK, May 6.—A plan to abolish the custom of tipping golf caddies and reward worthy ones with a cash bonus at the end of the season has been suggested by the United States Golf association in letters sent to the executives of its affiliated clubs. The caddies would also be divided into three classes, according to skill, and would be paid on their ratings.

## "BLUEBEARD"

## Twenty-Six Wives in This Fellow's Record

LOS ANGELES, May 6.—Pacific coast officials tracing the record of "Bluebeard" Charles Newton Harvey, report:

UPPER—CHARLES NEWTON HARVEY; CENTRE, MISS ELIZABETH PRYOR; LOWER, MRS. ELIZABETH L. WILLIAMS

that he has married 26 women during his career. The body of Miss Pryor was exhumed from a shallow grave at Spokane. She had willed her savings to Harvey.

Harvey married Mrs. Williamson under the name of "Lewis."

## GROCERS' ASSOCIATION

**Lowell Man Elected to Board of Directors—Cost Price Stores Condemned**

HAVERHILL, May 6.—Two hundred and fifty delegates attended the annual convention of the State Grocers' association at the Elks' Home yesterday, and last evening the annual banquet at city hall was attended by 400.

The convention adopted a resolution protesting against the opening of stores by manufacturers for the sale of goods at cost and condemning the practice of wholesalers in selling goods to industrial concerns for such stores.

Charles H. Atwood, of this city, was elected president for the ensuing year and the other officers chosen were: Henry Sears, Holyoke; John Boyle, Fitchburg; C. L. Keon, North Abington; S. P. Flanagan, Stoneham; Arthur Pitts, Framingham; W. N. Curtis, Melford; W. Hampton, Fall River; E. F. Houghton, Marlboro; W. H. Sims, Braintree; M. A. Whitney, Springfield; Frank M. Fuller, Pittsfield; M. D. McLuskey, Cambridge; and James H. White, South Boston, vice presidents.

These directors were elected: W. K. Hutchinson, Arlington; Alanson Gray, Lowell; W. C. Walker, Wakefield; Frederick Humphrey, East Weymouth; R. B. May, Quincy; F. G. Taylor, Marlboro; and H. G. Phelps, Worcester.

John A. Green, Cleveland; Paul Findlay, Los Angeles; Senator A. L. Nason, Mayor C. H. Gray and Eric Gen. John H. Sherburne of Brookline were the speakers at the banquet.

## FLOYD BIBLE CLASS

Last evening the annual meeting of the Floyd bible class of the First Baptist church was held in the vestry. The business meeting included the usual reports and also an address by Rev. Edward Babcock, pastor of the church, and another by the class teacher, Rev. J. E. Elmsmore. Mrs. Hattie Pace was in charge of the supper. Harry Stokes conducted the business meeting. The treasurer's report showed that during the year the class raised \$112.17. The following officers were elected: Fred Lovejoy, president; Noble Charlton, vice president; Mrs. F. C. Amador, secretary; Mrs. Harry Jones, assistant secretary; Mrs. H. B. Beattie, treasurer. There were songs by Raymond Mellen, Bertha Hunt and Warren Bell.

## GILBERT GALLANT WINS

SALT LAKE CITY, Utah, May 6.—Gilbert Gallant, Boston Rightwinger, knocked out Pat Gilbert of Salt Lake City in the first round of a scheduled six round bout here last night. But the boy has two K. O. jobs on his record. Gallant, a 160-pounder, was struck Gallant catching Gilbert on the point of the chin with a left hook, sending him down for the count.

## CHALLENGE ACCEPTED

In answer to the challenge of Young Ryan of the Flat, who in very loud words said he wished to meet Young Heaton of Lowell, Terry Smith, manager of K. O. Sturgeon, wishes to say that the boy has two K. O. jobs on his record. Young Ryan and he will fight him at any date set by Young Ryan.

TERRY SMITH, Manager Young K. O. Sturgeon.

# A BIG DRIVE TO CUT PRICES in MEN'S FURNISHINGS

The public demands lower clothing prices! We are heartily in accord with the movement. High prices discourage buying. We want lower prices just as you do. So we have applied the same drastic measures with our MEN'S FURNISHINGS as we have done with our clothing. Therefore, it is to every man's advantage to read every item over carefully and stock up on whatever he needs.

**SAYS RESUMPTION OF RELATIONS BETWEEN RUSSIA AND ALLIED COUNTRIES IMPOSSIBLE**  
MOSCOW, May 2.—Resumption of intercourse between Russia and allied country at present is impossible in the opinion of officials of the soviet government. They take this view as a result of the Polish offensive and the stand taken by Premier Lloyd George of Great Britain against receiving Maxim Litvinoff as a member of the Russian delegation for re-opening trade relations.

**NEW SPANISH CABINET**  
MADRID, May 6.—Premier Eduardo Dato's new cabinet took the oath of office last night and later the ministerial council met at the palace under the presidency of King Alfonso.

**SUIT FOR \$10,000**  
BOSTON, May 6.—Ralph Frost, Jr., of Lowell, administrator of the estate of Grace Savvy, of Lowell, has filed a suit for \$10,000 in the Middlesex superior civil court against Napoleon Manseau of Chelmsford. It is claimed that Mr. Savvy was killed by the defendant's automobile.

**LOWELL CIRCLE OF EPWORTH LEAGUE CHAPTERS MET AT CENTRAL M. E. CHURCH**  
The Lowell circle of Epworth league chapters met last night in the Central M. E. church. Three local and

two suburban churches were well represented. The tabernacle hymns were sung; a prayer was read by Rev. Leslie C. Boukes of the Central M. E. and an address given by Dr. Charles E. Spauldine of the Epworth league also.

Refreshments were served. There were delegations present from the Swedish Methodist church in Moore street and the West Chelmsford and Granville Methodist churches.

## FEW SUGGESTIONS FOR FISHERMEN

Expert Doesn't Tell You How To Fish  
But He Has Some Very Good Tips  
To Offer—Natural Bait Much Better  
Than the Artificial

HE ISN'T THINKING OF ANYTHING ELSE

BY MORRIS ACKERMAN

Well known fish and game authority each season about this time every fishing writer in the country comes forth with an effusion of "how to fish." To our own knowledge we have been one of the guilty ones for the past half dozen years. This time, however, we will eliminate the "how to" and come forward with the suggestion.

There are two baits—either natural bait, comprising the wiggly worm, minnow and a number of other recognized fish-fatteners, or the make-believes that comprise the wooden plug, whirling spoon and other non-natural baits.

If you are going to sit still on the bank of a stream or lake or fish from a boat or canoe assuming of course that your idea in sitting still means that you will still fish, natural bait is not only called for but its failure to forthcome means your failure to come forth. We suggest, therefore, that you make your natural bait as tempting as possible to the quarry. In other words the users of "live bait" will get better results from bait that is live. The more "kick" in a minnow, frog, millroach or snail, but the more chance in attracting the fish to the use of a bit of sardine in its business of acquiring the day's provender. We are frank to admit there is not enough raisin-kick in the potato to put a hard kick in a potato bug. Bluegills go crazy about them, however, and are quick to admit there is everything from the saved-off end of a baseball bat bristling with sets of cane hooks to the delicate even fly. But he it from us to even suggest the kind or kinds that will best suit your fancy and deliver the greater number of "hooks." Experience has taught us, however, that the light single hook-casting lures are more apt to do business for many reasons.

The lighter the lure the lighter the

flash when it hits the water. The least number of hooks the more action from your fish and the easier to put a good fish back if you are not suited with it.

We suggest in casting that you use a soft or medium soft silk line, not forgetting to have your line closely related with the weight of the lure.

Try and keep the line dry. Run it out each night and reverse the next day.

A poor line is the poorest investment we know of.

You will find a half dozen lines at least for two weeks' casting and if your guides are not smooth you will need more. Keep your reel well oiled. It's like any other piece of machinery.

It has been said that the early morning is the best of all times to fish. We believe this to be true. Fish first and breakfast second. And sleep third, if desired. An early morning start will usually bring you more success than the rest of the day put together, though just before dark has many advocates.

If you like to fish and go on a vacation to fish—fish. Waste no time from your fishing on a nice day for the other 13 may be full with wind and rain.

It is quite unnecessary to tell a man to troll along the dunes and fallen trees and to drift his stick over the ribs—so we won't mention it further.

We have made many fishing and hunting trips. We have watched novices develop into experts. This development didn't come from shooting crabs or playing to see who would get the biggest hand with live cards. Pass these pleasures for the shades of night. As a genuine "suggestion" we advocate you go fishing this year and that you play out your whole string—that you ascertain whether it is a fault, if it is with your efforts or really a lack of fish.

## EMPLOYEES TO GET VACATION WITH PAY

WOONSOCKET, R. I., May 6.—The Woonsocket Rubber Co., a branch of the United States Rubber Co., footwear division, it was announced today, will give its 2200 employees in the Albee mill here and its plant at Millville a week's vacation with pay, closing the plants from July 31 to Aug. 9.

Previously the plants have been shut down for two weeks during the summer without pay to the employees.

## WILL OBSERVE

## MOTHERS' DAY

BOSTON, May 6.—Mothers' day, to be observed next Sunday, will have a triple significance in New England this year.

Not only will thousands pay tribute to the greatest of all women—their mother—by displaying a flag, in place of the time honored carnation, but in churches all over the six Yankee states there will be observed Salvation Army Sunday, proclaimed for home service drive week. In addition it will also be "Florence Nightingale Sunday." Wednesday, May 12, is the 100th anniversary of the birth of the famed English nurse.

Colonel Adam Clifford of the New England headquarters has asked every Salvation Army worker in his jurisdiction to honor all mothers by wearing a flag on Sunday. His order was issued as soon as he learned that flags, or a piece of red, white and blue ribbon are to be used this year instead of the usual flowers, on account of the high cost of bouquets.

Many a boy who knew the "Sallies" overseas, some of them the same girls and women who will appeal for \$1,250,000 from New England during the army's home service drive, May 10 to 20, sent home his final message to his mother by a Salvation Army representative. It is for this reason—to especially honor the mothers of those who didn't come back, that the wearers of the red shield will have their uniforms adorned with the flag next Sunday. Many New England clergymen have also announced that they will preach on "Mothers and the Salvation Army" to their congregations next Sunday.

Mothers are to be further honored by a general display of the flag on all public and private buildings, and from every home where there is a national emblem. Every city and town official is urged to see to it that municipal flags are flown Sunday without fail.

## GOING TO RUSSIA

## Germans to Engage in Truck Farming There

MOSCOW, May 6.—Three hundred Germans, the vanguard of a large number of skilled workers planning to emigrate to Russia, are expected to arrive here in the near future. These men who will enter Russia by way of Revai, will engage in truck farming to supply the Moscow market.

## TWO CHILDREN

## BURNED TO DEATH

WAREHAM, May 6.—Two children of Manuel Lopez, Kells, aged four and Dorothy, 18 months, were burned to death in a fire that destroyed his home at Codman's Point today. Lopez saved his wife who was ill and four other children.

## DON'T STAY RUN DOWN

If you have been indisposed in eating, living habits, or your system taxed by overwork, and you have become all run down, don't stay that way, it is dangerous, as you are in a condition to take on many other more serious diseases. Build yourself up again by simply taking from 10 to 20 drops of SEVEN BARKS in a little water after each meal, and watch how quickly you will regain your normal health again.

People beyond the age of middle life cannot stand what they used to, and have to be more discreet in all of their modes of living. The majority of such people need to take occasionally a good stomach and liver regulator, for it is an indisputable fact that by keeping the liver active and digestive organs cleansed and in proper working order, old age can be deferred and life prolonged far beyond that enjoyed by the average person. To attain this there is no better remedy than SEVEN BARKS, which has for many, many years faithfully and successfully served the public.

If your system gets run-down, take warning, or you will be sorry when it's too late. Take plenty of exercise, fresh air, keep good hours, eat moderately of the right food, and tone up your stomach, liver and kidneys by taking SEVEN BARKS. For sale by druggists, 50 cents per bottle.—Adv.

## TEWKSBURY NEWS

## Dedication of New Town Hall—Other Items

The new town hall in Tewksbury is nearing completion and it is expected unless something unforeseen happens that the new building will be ready for the formal dedication about the middle of this month. Landscapers are now busy grading the land surrounding the building, while carpenters are putting on the finishing touches in the interior of the structure. The bell has arrived and will be put in place shortly, while the big clock for the tower, which was donated by a resident of the town, is on its way and is expected here within a few days.

The building committee, which is in charge of the arrangements for the dedication of the building, will meet late this afternoon and will set a date for the exercises. Benjamin Spaulding, chairman of the committee, stated yesterday that the event will be a home affair as far as possible and will consist of an inspection of the building in the afternoon, a banquet, entertainment and reception in the evening. The building committee is composed of the following: Benjamin Spaulding, chairman; Harry L. Shedd, Irving French, Stanley McAusland, Frank H. Farmer, J. K. Chandler and H. A. Paige.

Shortly after the building is dedicated the town will hold a reception for its veterans of the world war and nothing will be spared to make the affair a most enjoyable one. The committee appointed at the last town meeting will soon get together and map out a program and then the residents of the town will be asked to put their shoulders to the wheel. Another event scheduled to be held in the town hall in the near future is a

zear under the auspices of the Congregational church building fund committee.

## Embroidery Society

A pleasant gathering of the members of the Embroidery society took place Tuesday night at the home of Mrs. W. A. Patten. The attendance was large and the program of the evening was most enjoyable. Whist was played and later a buffet luncheon was served, while an entertainment program was given. Mrs. W. A. Patten was in charge of the affair.

## Road Work

Employees of the state highways have resumed work on the main road in the Centre and now they are pushing their activities towards the Wilmington line. The road is being macada-

mized and it is expected that before the season is over the job will be completed as far as the Wilmington station.

## Grange Meeting

The regular monthly meeting of Tewksbury grange was held Tuesday night in Pickering hall. There was a large attendance and considerable business was transacted. The first and second degrees were conferred on large classes of candidates and at the close of the business session an entertainment was given. Mrs. Maude Griffin occupied the master's chair during the session.

## Memorial Day

The Memorial day exercises in Tewksbury will be carried out this year by Post 42, G.A.R. of this city. In the forenoon a concert will be given on the common in front of the town hall and later the veterans will parade through the town and to the cemetery, where appropriate exercises will be held. At noon, dinner will be served in the town hall by the Ladies Aid society and this will be followed by a brief reception. The few veterans of the Civil war, who reside in the town as well as the young men who served in the world war will take part in the exercises.

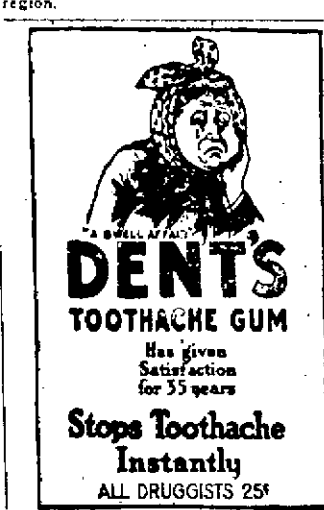

## CHROME DEPOSITS SUFFICIENT TO MEET WORLD'S DEMANDS

## FOUND IN SERBIA

BELOGRADE, May 6.—Chrome deposits sufficient to meet the world's demands have been discovered in Serbia.

It is announced by the American advisory committee to the Jugo-Slavian government. The discovery was due to the gratitude of natives who brought large quantities of the ore to the American Red Cross hospital at Prizren, on the Albanian border, after being given treatment.

Mining machinery taken by the Austrians is expected to be delivered soon. It is said rich veins of lead and cinabar have been found in the same region.

## WOULD SEND EXHIBITION SHIPS ABROAD

LOUISVILLE, Ky., May 5.—American manufacturers and commercial organizations are being urged to adopt the idea of the British and Japanese and send exhibition ships abroad to display American goods in foreign ports. The idea has been proposed to the American business men by H. G. McLean, assistant foreign traffic manager of the Southern Railway System, who has headquarters here. Mr. McLean has suggested that shipping board vessels be fitted out as exhibition ships to carry American products to new markets and thus meet the competition of the British and Japanese manufacturers.

Mr. McLean has called the attention of various commercial organizations to the fact that Japan as well as Great Britain has adopted this plan in her race for the world's trade and that Japanese ships will be sent around the world carrying exhibits by a co-operative organization embracing a large number of Japanese manufacturers.

Mr. McLean, who also is regarded among railroad men as an authority on international trade, points out another feature in this connection which he regards of great importance. British and Japanese manufacturers, he asserts, through the co-operation of labor leaders in their countries have persuaded labor that "strikeless production" on their part with "strikes against production" in the United States would soon enable those countries to capture German trade markets aggregating nearly \$6,000,000,000 annually with a consequent addition of \$3,000,000,000 in wages paid British and Japanese workmen.

Mr. McLean says that intensive production both in Great Britain and Japan has enabled those countries not only to provide ample stocks for domestic consumption but also for export in competition with American products in foreign markets.

## CHALIFOUX CLERKS' ANNUAL BANQUET

The annual banquet of the Chalifoux Clerks' Mutual Benefit association was held last evening in Grafton hall and later the clerks adjourned to Merrimack hall upstairs where the annual business meeting was held and general dancing enjoyed.

The banquet menu was a hot roast turkey supper served by the Page Catering company. Arthur L. Hiser presided as toastmaster and there were addresses by Harold Chalifoux, Louis Studley, Leon Townes and Harold Judge. The Misses Ann Place, May Bradley, Alice Murningham and Rose McCarthy entertained with solos and Miss Mary Breen with violin selections. Miss Marion Shaddock was accompanist.

Officers for the ensuing year were elected as follows:

President, William Soule; vice president, Miss Jeanette Cole; recording secretary, Miss Josephine O'Brien; treasurer, Louis Cole; financial secretary, Henry Chaput; auditors, May Bradley, Eugene Queenan and Margaret Wilcox.

The total annual production of gold throughout the world amounts to nearly \$300,000,000.

## THE WONDERFUL FRUIT MEDICINE

Every Home in This State Needs "Fruit-a-lives"

To those suffering with Indigestion, Torpid Liver, Constipation, Sick or Nervous Headaches, Neuralgia, Kidney Trouble, Rheumatism, Pains in the Back, Excess and other Skin Affections, "Fruit-a-lives" gives prompt relief and assures a speedy recovery when the treatment is faithfully followed.

"Fruit-a-lives" is the only medicine made from fruit—containing the medicinal principles of apples, oranges, figs and prunes, combined with valuable tonics and antiseptics.

50c a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid, by FRUIT-A-LIVES Limited, OGDENSBURG, N. Y.

## HARRIET AND THE MOSQUITO AGREE

Harriet Hammond looks in to remark that the half-hose fashion for ladies is sure to be appreciated more when comes the real hot summer weather.

And every mosquito agrees with her. It has been some considerable while since Dame Fortune drew a card more tickling to the skeeter tribe than the socks for feminine limbs.

As Miss Hammond so aptly remarks: "There has been a fearful waste of material in full-length stockings."

She argues: "The half hose for ladies ought to conserve cotton and silk, which, goodness knows, is scarce enough now; at least, they tell you so when you say the price is too high."

She adds: "If every pair of stockings were cut in two, there'd be two pairs of socks for every lady who has but one pair of stockings now."

But the hard-hearted dealer punctures this dream by ultimatum as follows:

"The price of ladies' half hose will be about as high as stocking prices."

In other words, the socks will be half as high, but the price will be just as high. Get that?

In passing permit us to recall your attention to the fact that Wichita, Kan., introduced the feminine sock, thereby gaining another lap on Paris, New York and Atlantic City.

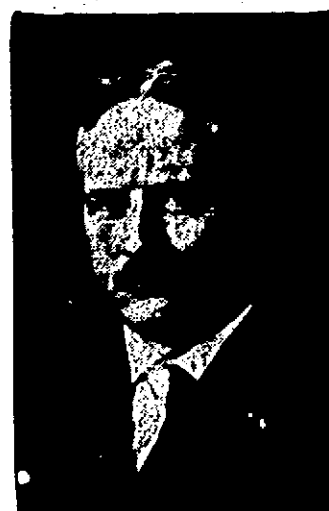

Which resurrects William Allen White's old query:

What's the matter with Kansas?

Nothing! Absolutely not a thing! Take that answer from Harriet Hammond, whose pithy extremities, viewed often on the screen, are displayed below:

At present the richest gold field in the world is in South Africa, which yielded in 1919 a value of \$175,000,000, somewhat exceeding the combined yield of the United States and Australia.

## Humphrey O'Sullivan's Campaign

AT THE

## MERRIMACK CLOTHING CO.

SELLING

## CLOTHES To the People of Lowell AT COST

PLUS EXPENSE OF SELLING

Brought thousands of shrewd buyers to this great store last Friday and Saturday. We don't like to pat ourselves on the back—but listen—on the quiet—we never saw anything like it before. Sold more merchandise in these two days than in any ten other days since we've been in business—And by the way, remember, the more merchandise we sell the lower our cost of doing business and the less it costs us to sell goods the lower you can buy them—So if you're interested in helping to bring down the cost of clothes be here Friday morning at 9 o'clock and take advantage of this bit of good fortune.

Three big manufacturers join forces with us in bringing down the cost of clothes—They were caught with too many goods, and on account of the cold rainy season found it impossible to dispose of their stock at a profit—They heard of our campaign and offered their stocks to us for cash at cost plus manufacturing expenses. To make a long story short—we bought their stocks and will have them ready for you

## FRIDAY MORNING AT 9 O'CLOCK

### MANUFACTURER NO. 1

Sold us 367 Men's High Grade All Wool Worsted Suits at cost. We pass them along to you at the price we paid plus cost of selling.

LOWELL, TEL. 2440

**HOLY CROSS BOYS****ARE COMING HERE.**

The Holy Cross Musical club, including both the College orchestra and the Glee club, will give a concert at Colonial hall Friday evening, May 14, in what promises to be one of the notable events of the year. Upwards of 100 boys will come from the Worcester college to give their many admirers in Lowell a sample of the brilliant work they have been doing in many cities of the state.

Local interest in the concert will

EDWARD MURPHY  
Pianist.

be centered around Mr. Edward Murphy, who appears with the club as accompanist and in piano solos, and in Mr. George L. Conley who is the business manager. Mr. Murphy will be heard in the Lowell concert in two numbers. His work in the recent concert in Worcester drew prolonged applause and many expressions of congratulation.

The musical numbers will be followed by dancing. The complete plans will be made at a special meeting of the committee in charge this evening, at which time also the tickets will be placed on sale.

**HOOVER SURPRISED****AT HIS BIG VOTE**

NEW YORK, May 5.—Herbert Hoover issued a statement here today in which he expressed surprise that "under the circumstances so large a vote should have been cast in California for the delegates favoring my nomination."

"For my friends, in entering my name, introduced no personal issue but asked an opportunity to register a protest at Senator Johnson's extreme opposition to any league to prevent war and reduce armaments," said the statement. With a group of amateur clubs only a month old, they were, of course, handicapped in opposing the regular party organization, but the real situation is that the people of California have been much torn between their loyalty and friendship to the senator for his able rescue of the state during his governorship from vicious corporation control, and his too narrow vision on our international necessities. The fact that in these circumstances more than a third of the party protested against this latter view should strengthen the support of the republican majority in the senate."

In South America there are some trees known as "cow trees" which yield a rich, milky, nutritious juice resembling in appearance and quality the milk of the cow.

**Suffered Ten Years  
From Indigestion**

Trouble Gone, Appetite Strong,  
and Eats Anything Without  
Distress.

"I had a case of catarrh and indigestion, of ten years' standing. I had been treated by the best medical men in Michigan. When I commenced taking Milks Emulsion, I was in bed. I improved so fast that I kept the neighbors wondering. I am now up and working every day. My cough is gone. My appetite is great, and I can eat anything without hurting me."—H. D. Lovelace, Rockford, Mich.

Indigestion is seldom cured by "helping" the stomach digest food. Digestives, like physics, pills, usually make slaves of the stomach and bowels.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in resisting and repelling the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day. It produces remarkable results in colds, coughs and bronchial asthma.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles (bottle with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind., sold by druggists everywhere. Sold and guaranteed by Fred Howard, 127 Central St.—Adv.

**NOTICE**

Notice is hereby given that the undersigned, Henry Houston, of Lowell, Mass., has lost his book of deposit, No. 112708, in the Ameskeag Savings Bank of Manchester, N. H., dated Dec. 2, 1919, and has requested said Bank to issue a duplicate thereof.

HENRY HOUSTON.

## AMERICAN WOMEN FLEE

Relief Workers in Near East  
Ordered into Tiflis by Col.  
Haskell

BATUM, Caucasus, May 5.—(By Associated Press).—All American women workers with the American committee for relief in the Near East have been ordered into Tiflis by Col. William N. Haskell, in charge of operations, as a result of the capture of Baku by the Russian Bolsheviks. A few women engaged in relief work north of the Caucasus mountains have been sent here.

Georgia has refused to permit Armenian railroad to obtain oil. In consequence, railway traffic has been virtually suspended and the shipment of relief supplies has been interrupted. Labor unions here have announced they will refuse to allow stores of clothing, food and supplies to be taken out of the city.

Danger of the entire Caucasus region turning Bolshevik, is causing great uneasiness among business men here.

## PRIVY COUNCILLOR OF JAPAN DEAD

HONOLULU, May 5.—Viscount M. Sugi, privy councillor, died today aged 86, according to a Tokyo cablegram to the Japanese language newspaper Nippon Jiji.

Mayoshihiro Sugi, who since 1897 has been privy councillor of the Japanese empire, was born in January, 1855, and was descended from an ancient samurai clan. Early in life he entered public service and in 1882 was sent to Europe as an attaché to the minister sent there by the Shogunate government. He took an active part in the restoration movement and was later made lord steward of the empress dowager's household. He was created a viscount in 1887.

## TO DISCUSS HIGH COST OF SHOES

ATLANTIC CITY, N. J., May 6.—The high cost of shoes and other leather products will be among the problems discussed at the annual meeting of the Tanners' Council of America, which opened here today. Representatives of all branches of the leather industry, except the retail dealers were present.

## AMUSEMENT NOTES

(By Theatres' Own Press Agents)

### OPERA HOUSE

"The Tiger Lady" is a play that is interesting not only for the minute but it leaves something in the mind worth thinking about. It holds up a mirror to nature and it teaches a lesson that will undoubtedly benefit all. It is interesting for the reason that it reflects happenings of a nature that have occurred in the past and are liable to occur in the future. The pretty heart interest in it is the kind that touches the better side of every man and woman. The Lowell Players are interpreting it in a way that will commend it to all lovers of superior melodrama.

### KERRICK SQUARE THEATRE

An accurate reproduction of the celebrated Tiffany jewelry store on Fifth Avenue, New York, is a feature of "The Cost," the new photoplay in which

THE GIFT HOUSE

For swift, sure, electrifying entertainment and finished, forceful acting, nothing has come to the local screen in many weeks to approach "The Girl in the Red Velvet Robe." From the opening scene to the final close-up this Metro screen version of Paul Armin's internationally celebrated crook melodrama will hold its audience in a breathless tension of interest. Mr. Little's acting is the kind that can't be passed over without favorable comment. Especially is this noticeable that this young star exhibits his qualities seldom developed by the average screen actor. He exhibits a restraint where over-acting would spoil the illusion, and this quality, coupled

with a dramatic eye in the lighter moments, enhances the play in its own measure. The star is supported by a cast of noted screen actors and actresses. Constance Binney, debutante star of screen and stage, in "The Stolen Kiss," should help add materially to the laurels already won by this captivating little actress. It's a delightfully whimsical tale of the little pretender whose unique ability as a whistler and entertainer is the means whereby she finds love and happiness. "There's a new comedy and weekly as well."

Side-a-Wee Home," at the B. F. Keith Theatre, this week, are scoring one of the season's biggest hits. The story of this little play is wholesome and tender, and yet there are fine comedy touches. Raymond & Schram, singers and comedians, measure up well, while Hallen & Hunter, in a mixture of comedy and violin music, are of real headline quality. Other acts are: Johnny Small & Co., Alcey, Welch, and Montrose; Karl Kary and Margot & Francois.

First Attempt at Sabotage in French R. R. Strike—Socialist Arrested

PARIS, May 4.—Francis Loriot, a prominent member of the Socialist federation of the Seine, was arrested today, charged with plotting against the interior security of the country in connection with the railroad strike.

ANOTHER REAL ESTATE TRANSFER

A big real estate deal was put through yesterday when Fred Lavigne, a prominent local business man and owner of considerable real estate, purchased the nine-tenement dwelling at 155 Salem street.

REPORT BOMBS EXPLODE IN PRISON

MADRID, May 4.—Favorable developments in the labor situation are reported today from Saragossa, the dispatches announcing that all the industries there have resumed work.

JURY DISAGREES

A disagreement was reported this morning in superior court here by the jury considering the cross action of tort suits between A. Clarence Josselyn of Townsend and E. A. Berryman of Springfield, each of whom claimed to be entitled to damages as the result of an automobile accident in Townsend on May 1, 1919.

KNOW DARN WELL I AMN'T GOOD LOOKIN'

ASKS ALLIES TO HAVE CONFIDENCE IN FRANCE

PARIS, May 4.—Frederic Francois-Marsal, minister of finance, speaking at a luncheon of the Anglo-American Press association today asked that the allies of France in war have confidence "in our determination, our love, our work, our respect of peace and justice," during peace time rehabilitation.

NEWS FROM DRACUT

Kenwood Residents Want Fare Zone Extended

Residents of the Kenwood section of Dracut have filed a petition with the management of the Eastern Massachusetts Railway company in regard to an extension of the fare zone to Brookside. It is reported that there is considerable feeling on this point as it necessitates many of the people living in Kenwood to pay an extra fare for a ride of two hundred yards or so.

Grange Memorial Services

The annual public memorial services of the Dracut Grange will be held on May 17 in the Grange hall in Dracut Centre. This is the yearly service in honor of the grange members who have died during the past year and it is expected that there will be many non-residents of the town, relatives and friends of the deceased, who will be present at the meeting.

School Board Meeting

The regular meeting of the school board will be held tonight. Routine business will take up the greater part of the session.

Warren W. Fox, solicitor of the town, has purchased the stucco house on Bridge street formerly owned by Mr. Christiana.

Charles H. Chagnon has filed an application with the selectmen of the town for permission to store, keep and sell gasoline in and from an underground tank of 200 gallons capacity at the premises at the corner of Spruce and Merrimack ave., Kenwood. Request for a permit to store, keep and sell gasoline in and from an underground tank of 500 gallons capacity at the premises, 1215 Lakewood avenue, has also been filed. The selectmen have ordered that unless objections are presented by residents no hearings will be held and the licenses will be granted.

Parish Reunion

Elaborate arrangements have been made for the annual reunion of St. Mary's parish, Collinsville, to be held at Harmony hall tomorrow evening. Thomas J. Burke is general manager; Daniel A. Wholey, assistant; Thomas J. Foley, floor director; Thomas B. Roughan, assistant floor director. The ice cream table will be in charge of Miss Mary B. O'Reilly as matron.

Other Town Items

The automobile craze has further extended its sway into the town this season for several of the residents have purchased new cars and are already "touching the high spots."

The water works department has put in new water mains to the slaughter house in Hildreth street. This work was started some time ago and has been completed only recently. Other work by the water works department is planned and the directors have let the contract for the six-inch pipe to be used.

FOUND "HOME BREW"

A raid on a bakery in Fenwick st. last night by Officers Winn and Clark brought to light about four gallons of "home-brew" and an ingeniously devised condensing worm or coil neatly concealed and turned in a small keg in the search the officers also found a still fashioned from an old wash boiler. The condensing coil is made of brass pipe and the connections on the wash boiler cover show clever handiwork. The keg is no larger than an ordinary nail barrel.

NEW GREEK SCHOOL WILL COST ABOUT \$300,000

The new school to be erected by the Greek community in Worthen street and Broadway will cost in the vicinity of \$300,000, according to information received this morning from the president of the community, Christos Ziongos. The building proper, not counting in the land will cost in the vicinity of \$250,000, while it is believed the cost of furnishing the building will be in excess of \$50,000.

President Ziongos stated this morning there are now seven architects from this city, Boston and Manchester, who are at work on plans for the new structure, and these plans must be in the hands of the school committee on or before May 25. The school committee have asked for plans for a two-story brick structure with 20 class rooms and an assembly hall, but it may be that plans for a three-story building will be submitted and if they are satisfactory they will be accepted. According to the last census of the district there are over 2000 boys and girls of Greek parentage in this city between the ages of 5 and 14 years, and it is expected that the school will be large enough to accommodate all who wish to register. It is expected that work on the new structure will be started some time in July or August.

The discussion of school matters in the colony has been set aside for political arguments, for the date for the annual election of community officials has been set for May 30. On that day polls will open at 7 a. m. and will close at 5 p. m., the Australian ballot to be used. The candidates whose names will appear on the ballot number 60, but the list will not be made public until May 15. It was learned, however, that the president, treasurer and secretary who are now holding office will seek a re-election. They are Christos Ziongos, president; Costas Tsilatos, treasurer and James Athanasoulas, secretary. The officials to be chosen at the election are a president, a secretary, a treasurer, five members of the school committee, three auditors and nine directors. The president, treasurer and secretary also to be members of the board of directors. There is great interest in the coming election and it is said some of the candidates are waging a real red hot campaign.

Piles Are Absorbed Never to Return

Says Any Sufferer Who Tries Miro Internal Treatment Will Find This Statement True.

Mrs. E. Waihlen of Dayton, O., writes: "Regarding your wonderful discovery, Miro, I tried almost every kind of pile remedy on the market, read about Miro and after taking one bottle can truthfully say I am entirely cured. There is no pile remedy on the market to compare with Miro. I can't praise it enough and the price is so small compared to its wonderful merits. Anybody afflicted with piles who tries a bottle will find this statement true."

Would You Gain a Pound

A Week for Three Months?

These begin taking regularly three grain hypo-mechanic tablets, which are made from a health-giving ordinary yeast and combined with hypophosphites and an absorbent phosphorus. Physicians and chemists assert that this tablet is very largely used for increasing the weight and improving the nervous system because of its aid to digestion, assimilation and absorption. The food elements which go to make blood and solid tissue is retained when this treatment is regularly used for several months. Most apothecaries supply them in sealed packages.

Is Dancing Teacher Shielding Someone? Detectives Are Puzzled

Miss Dorothy L. Smith

BY JAMES HENLE, N.E.A. Staff Correspondent. NEW YORK, May 4.—One of the strangest cases that has ever confronted the New York police, centers about Miss Dorothy L. Smith, Y.W.C.A.

Among the questions to which the police are attempting to find answers are the following: Did Miss Smith steal two remnants of silk, a book and a magazine from R. H. Macy & Co., department store of this city? If not, why did she plead guilty to that charge before Magistrate Jean Norris in the women's court? Why should she want to steal when she was plentifully supplied with money? Why did she tell the police that she had no friends in this city with which she could communicate? While Miss Smith was held by the police, her friends, alarmed by her disappearance, had notified the bureau of missing persons, and requested the authorities to institute a search for her. Her photograph was sent out to all police stations, and an attaché of the Jefferson Market prison, where the girl was held in \$300 bail, recognized her. Her friends were notified and bail has been provided.

Miss Smith, following her release, went home in a dazed condition. To friends, however, she offered the following explanation of her predicament: She entered the store carrying a number of bundles and, while suffering an attack of amnesia, absent-mindedly replaced these with articles from a counter. She said the silk would have been of no use to her, that she is not interested in the subject matter of the book, and had money to pay for the articles if she wanted them. Their total value has been put at \$5.37. Miss Smith says her mind was blank practically from the time she entered the store.

Miss Smith has been teaching physical culture and esthetic dancing at the Y.W.C.A. in Bayonne, N. J. She lived at No. 304 Clerk, Jersey City. She is a graduate of the Elgin high school and the Chicago School of Physical Education. Friends said she preferred the name of Smith to that Schmitt.

# Bath towels— face towels—dish towels

**Snowy-white—just by soaking for a few hours the new way**

**TOWELS**—they do get grimy! Dirt soaked into bath towels carelessly thrown down. Smudges and cold cream blurs on the face towels. Greasy spots on the dish towels.

You can get them all delightfully clean and white—just by soaking the new way.

Instead of rubbing them to pieces over the hard metal washboard—instead of boiling out their pretty colored borders and designs—just try this new way of soaking the dirt out.

Put your towels to soak overnight in Rinso—or for three hours in the morning.

This new product is made by the makers of Lux, and is just as wonderful for the plain washing as Lux is for fine fabrics.

After three hours—rinse the towels. You will be amazed to see the dirt roll right out. Rinso has softened and loosened the dirt so completely that it floats right off. Only the most soiled spots need a slight rubbing between the hands.

Your towels come out of the rinsing snowy-white! The colored designs, instead of looking drab and faded from boiling, show up bright and clear.

Use Rinso for all of Monday's big washing. The new way of soaking in the pure Rinso suds is so much easier on your clothes that they will last twice as long. And it's so easy to wash this way, that you can always have a big supply of everything on hand. You need never be embarrassed by running short.

One package is enough for a whole family washing. Try the new way this very next washday. Get Rinso from your grocer today—and follow the easy directions given. Levet Bros. Co., Cambridge, Mass. (Makers of Lux).

The new form of soap for the family washing

## MAYOR AS INTERLOCUTOR

### Lowell Eagles Stage Minstrel Show—Big Crowd at Associate Hall

A minstrel show that got away from the routine characteristics of such affairs was that given last evening in Associate hall by Lowell serie, No. 233, Fraternal Order of Eagles.

One of the high lights of the performance was the presence of Mayor Perry D. Thompson in the role of interlocutor. Consistent practice and natural aptitude resulted in a most creditable performance on the part of His Honor and under his direction the program was carried out with a snap and vim that found a ready response in the audience.

One of the biggest crowds that Associate hall has ever accommodated was present to enjoy the fun and as the stage in the evening's program there a dull minute. The soloists' chorus embraced some of the best of the city and in well chosen selections they went over "big."

Following the minstrel program general dancing was enjoyed until an early hour this morning. James J. Ward, director of the evening's program, is entitled to a lion's share of credit for the success of the affair inasmuch as he worked unceasingly and under many handicaps to present the smooth performance noted last evening. George D. Freeman, the evening's accompanist, also aided materially in the evening's success.

The program was as follows:  
Opening chorus: song, "Was There Ever a Pal Like You?" Miss Madeline McLaughlin; and song, "When It's Moonlight on the Swane Shore," Miss Elizabeth Lowrey; song, "Daddy, You've Been a Mother to Me," Edward P. Donahue; and song, "Darktown Dancing School," Charles Mathison; song, James B. Donnelly; and song, "What's the Use of Kicking, Let's Go Round With a Smile," Marcella Roberts; song and dance, "Vamp," Dwyer children; song, "Your Eyes Have Told Me So," Martin F. Maguire; song, "Ding Toes," Mrs. Mary Swift Willett; and song, "O," Frank Donahue; grand finale, "Tumble Down Shack in Albion," solo sustained by Joseph M. Reilly.

The members of the chorus were: Misses May Finnegan, Alice Welch, May Callahan, Mary Morris, Alice Tweed, Catherine Dempsey, Elizabeth Glines, Mary Lynch, Della Boyd, Catherine Dowd, Marion Cashman, Annie Morris, Mabel Hockney, Agnes McCarthy, Helen Powers, Mildred Allen, Stella Brady, May O'Hara, Gusale Barr, Margaret McCarthy, Katherine Aubrey, Winifred Riley and Messrs. James Flannery, John F. Sutherland, Arthur F. Haley, Andrew Foye, William F.

### MONEY FOR LIBRARY

By the will of Mrs. Ora A. George Flint of Worcester, widow of Charles W. Flint of North Chelmsford, which was filed for probate Tuesday, the sum of \$15,000 is left to the Adams Library of Chelmsford with the stipulation that \$10,000 at least be used for the construction of an annex to the library which will be known as the George Memorial. Mrs. Flint also bequeathed \$3000 to the Unitarian church of Chelmsford.

### FOR LOWELL BATTERY

Another large batch of recruits signed up for Lowell's new battery last night, thereby raising the total enlistments to date to 55. The quota of 131 is expected to be attained before the week is out. More honorary memberships also are coming in, including one from A. C. Sargent of Graniteville.

**"Let me go to the store, Mother"**

**Armour's QUALITY PRODUCTS**

Children like to go shopping. Encourage them—it is good training. And they will do the marketing as satisfactorily as you can, if you tell them to be sure to get Armour's Oval Label foods.

There is no guess-work about buying products that bear the famous trade-mark.

Not at any price can you buy better foods. They are the best that Armour can produce—the choicest materials, prepared by the most painstaking process. The famous Star Hams are picked stock, juicy and deliciously flavored. "Simon Pure" is the cream of shortenings—genuine, leaf lard.

Butter is the best to be had from the richest dairying districts. The Armour Oval Label on any product is always a guarantee that it is top grade.

Your dealer has Armour's Oval Label foods, or he can quickly get them for you.

Write to the Armour Department of Food Economics, Chicago, and ask for a variety of recipes and menus.

Crowe, John M. Hogan and Joseph Hughes.

## DELAWARE SENATE VOTES FOR WOMAN SUFFRAGE

DOVER, Del., May 6.—Suffrage was revived in Delaware yesterday when the state senate passed a ratification bill, 11 to 6.

After rejecting a substitute offered by Senator Gormley, democrat of Wilmington, providing for a referendum at the next election on the subject, the senate adopted the resolution of Senator Walker, republican, of New Castle county, ratifying the Susan B. Anthony suffrage amendment.

Senators Brown and Palmer, both of Sussex county, were the only republicans who voted against ratification, while Senator Price of Smyrna, Kent county, was the only democrat to support the resolution.

There was a big demonstration by suffragists in the senate chamber following the announcement of the vote. It is proposed to send the resolution to the house today where speedy action on it is expected. Although the lower branch of the legislature defeated a similar resolution on April 1 by a vote of 23 to 9, suffragist leaders claim to have increased their strength sufficiently to assure the concurrence of the house in the senate measure.

## "DRY" AGENTS ARE PRIVATE CITIZENS

CHICAGO, May 6.—A ruling that federal prohibition agents are private citizens and therefore not competent to make complaints in internal revenue cases without written approval of the district attorney, was received yesterday from Washington by federal officers.

## 2000 ON STRIKE

### Quit When Company Refused to Force Men to Pay Dues

SCHENECTADY, N. Y., May 6.—Nearly 2000 employees of the local plant of the General Electric Co. are now out on strike, between 1500 and 1700 having quit work because the company refused to compel delinquent members of the International Brotherhood of Electrical Workers to pay their dues. Several hundred more, members of the Polishers' union, also are on strike as the result of the refusal of the company to increase their pay from 35 cents to \$1 per hour.

In connection with the I.B.E.W. strike, the company issued a statement to the effect it would maintain a neutral attitude, considering the question of dues paying one to be settled within the local union. International officers of both unions are here and are supporting the demands of the employees.

## LABOR UNION MEETINGS

President George Whalley occupied the chair at the regular meeting of the British-American Social club, which was held last evening. Routine business was transacted and two members were initiated. At the close of the business session a debate was held on the subject, "Fear and Hope," those participating being Messrs. Gunn and Pearson and Mrs. Marshall on one side, and William Stratton, Mrs. Pearson and Mr. Marshall on the other.

B. F. Butler R.O.

Members of B. F. Butler Relief corps, 75, at their regular meeting last night voted to accept the invitation of the Sons of Veterans to attend the Memorial day banquet to be held at the First Universalist church. Two new members were received and routine business was transacted. In the early part of the evening supper was served.

The crown, as a symbol of royalty, was first introduced to Europe by Alexander the Great, who followed the Persian usage.

## The Aftermath of Flu

This is No. 1 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Pneumonia, Influenza, Whooping Cough, Measles or even a long continued Cold—often leave these organs in an inflamed, congested state, thus affording a favorable foothold for invading germs. And how Vicks' Vapo-Rub may be of value in this condition.

Your doctor will impress upon you that following recovery from the active stage of influenza, there often remains an inflamed, congested condition of the air passages—throat, larynx, bronchial tubes and lungs.

Frequently the cough hangs on—soreness of the chest persists—you take cold easily and there may be obstinate catarrh. This condition is slow to clear up and if neglected may favor the development of pneumonia, or later on, serious disease of the lungs.

Such cases should continue under the care of their physician—should exercise moderately in the open air—eat plenty of wholesome food—avoid overwork and sudden chills.

Nightly applications of Vicks' VapoRub may help nature to complete the process of repair. Because Vicks acts locally by stimulation thru the skin to draw out the inflammation, attract the blood away from the congested spots and relieve the cough. In addition, the medicinal ingredients of Vicks are vaporized by the body heat. These vapors are breathed in all night long, thus bringing the medication to bear directly upon the inflamed areas.

Vicks should be rubbed in over the throat and chest until the skin is red—then spread on thickly and covered with hot flannel cloths. Leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel so the vapors arising may be freely inhaled. If the cough is annoying, swallow a small bit of Vicks the size of a pea.

Samples to new users will be sent free on request to the Vick Chemical Company, 231 Broad Street, Greensboro, N. C.

# HERE'S A SUE IDEA FOR HOME DRESSMAKER

BY CORA MOORE  
New York's Fashion Authority  
NEW YORK, May 6.—However much a home dressmaker may dare in the way of frocks, negligees and underthings, even the best of them usually shies at attempting a suit.

But one of the girls in "Mrs. Jimmie Thompson," at the Princess theatre, undertook to design and make a suit "all by herself," and this is the result.

The suit is made of tricotine. The skirt and body of the coat are joined under the belt.

Sleeves and body are cut in one, kimono-fashion, and are bell-shaped. The fullness under the pockets is formed of separate pieces set in, and the skirt has the hem turned on the right side.

## Big Gains for Rebel Forces

Continued

## To Make Hairs Vanish From Face, Neck or Arms

Keep a little powdered delatone handy and when hairy growths appear, make a paste with some of the powder and a little water, then spread over hairy surface. After 2 or 3 minutes rub off, wash the skin and it will be entirely free from hair or blemish. This simple treatment is unfailing, but care should be exercised to be sure and get genuine delatone, otherwise you may be disappointed.—Adv.

was said to be improbable, it is known agents of the state department have studied carefully the pronouncements of the rebels and the published assurances of Alvaro Obregon and other leaders of the revolt that a more friendly attitude toward foreigners will be adopted.

The progress of the revolutionary movement already is such that the rebels are planning an early completion of their program which calls for the selection of a provisional president, "when Mexico City is occupied."

Official and unofficial advices agree in general that revolutionary forces are appearing with startling rapidity in almost all parts of the country and that steps toward their co-ordination are well under way. Army officers here have been studying the situation and do not agree with the optimistic claims of some of the rebel leaders that Mexico City will be taken within a week or 10 days, but they are convinced that Carranza will experience difficulty in extricating himself.

## CARRANZA LOSING POWER IN MEXICO

WASHINGTON, May 6.—Recognition of Carranza's rapidly diminishing power in Mexico was admitted by government officials yesterday, but the despatch of a flotilla of destroyers to southern waters was not taken to indicate that foreigners are in immediate danger. The six destroyers which sailed from New York will arrive at Key West today and will be used along the east coast only in the event that necessity arises. Before his departure Capt. Byron Long, commanding the flotilla, conferred with the secretary of the navy, who gave him instructions as to the policy to be pursued.

Development of the revolution as reported to the government has been so rapid as to convince many officials and especially army officers, that Carranza cannot maintain his authority much longer, not so much because he is opposed by a formidable military force as because he commands an army that is daily dissolving before the rebels' advance instead of offering battle.

Information obtained through official channels has been the basis of an estimate that places the strength of the rebels at almost double that of the government. The co-ordination of the rebel forces has been hindered rather than aided by the rapidly with which new groups form in the different states and the promptness with which the federal garrisons have joined in the movement even before being directly threatened.

Rebel claims that Carranza would have difficulty now in leaving the country are supported by reports from official sources. East and west coast ports are closed to him by the operation of rebel units at various places along the connecting lines. His entry into the United States might yet be effected over the long line of railroad from the capital to Laredo and the possibility of escape through the Tehuantepec isthmus into Guatemala remains, although such a route is regarded as impracticable on account of rebel operations.

NEW YORK, March 6.—The United States destroyer Lardner, one of the seven warships which left yesterday for Key West for probable service in

Mexican waters, was forced to return to Philadelphia today because of minor engine trouble. It repairs cannot be promptly made. It was announced, another destroyer would be substituted for her.

## NAVAL RECRUITING BRISK IN LOWELL

Last night the naval recruiting party spoke at the corner of Moody and Alden streets, Central and Merrimack, Tower's corner, the depot, Garham street, corner of Paige and Bridge and at the Chelmsford street baseball grounds.

They made such a good impression at the baseball grounds that immediately after the crew returned to the recruiting station in Merrimack square there were seven young men there to get further particulars about the service.

Since the arrival of the party in Lowell they have been giving much of their time to the city of Lawrence, but next week they will start to "clean-up" Lowell. This noon the service men stood on chairs in Bridge and Merrimack streets and through megaphones called their goods to large crowds during the first part of the noon hour. At 12:30 Mayor Thompson delivered a short address from city hall steps on the opportunities offered in the naval service.

Two men were sent to Boston early this morning as recruits. They were Harry L. Clement of 17 West Fifth ave., enlisted as an apprentice seaman, and Joseph Wisniewski of 41 Wamesit street, enlisted as fireman, 3rd class, for machinist's mate. There was also an ex-service man enlisted, but through his own request his name is withheld.

The recruiting station gave out information today that there is an opportunity for immediate service on board the destroyer Concourse, now fitting out at the Boston navy yard, for 200 ex-army, ex-navy, ex-marine and reserve men. Only veterans are wanted on this trip—men who have been through the big game, moulded and tried.

Ex-army men will receive an increase in pay immediately upon enlisting for a period of two years; they will also receive 30 days' leave and be assigned to this vessel.

Reserves will receive four months' pay in their confirmed rating, a \$7 increase, 30 days' leave and be assigned to this vessel or can choose their own ship or station.

Tradesmen will receive a large salary upon enlisting, as the pay bill is on the verge of becoming effective.

Chief Yeoman J. P. Sargent, U.S.N., of the navy recruiting inspector's staff was in Lowell today, as he is on tour of all navy recruiting stations in the New England Division to ascertain the different methods used by officers-in-charge of these stations in getting recruits. He stated that Lowell, in charge of Chief Carey, had some of the most excellent ideas on recruiting methods.

## Rational Home Remedy For Wrinkled, Baggy Skin

Bathing the face in a simple lotion made as follows: Is the best thing known to disperse wrinkles, from the finest lines to the deepest creases: Powdered saxatone, one ounce, dissolved in witch-hazel, one-half pint. Your nearest druggist can supply the constituents. It is a natural and rational treatment, as it tends to remove the cause of these tell-tale signs of advancing age, worry or ill health. Having both astringent and tonic properties, the solution tightens the too-loose skin and tends to solidify the underlying muscular tissue. This smooths out the wrinkles and gives the skin a firmer supporting foundation. Obviously this effect must also reduce hanging cheeks, double chin and baggy neck. The remarkably prompt action of this harmless lotion is another commendable feature.—Adv.

## GOLD AND SILVER WORTH \$400 DISAPPEARS

PROVIDENCE, R. I., May 6.—Gold and silver bars and silver worth valued at between \$3000 and \$4000 disappeared with a motor truck that was stolen today. The truck was left unguarded in Heverly street, while Theodore Gingras, the driver, was delivering some goods in a building. Both the truck and its contents are the property of C. D. Makepeace & Co., Attleboro, Mass.

As soon as the loss was reported, police inspectors in a high powered car started on the trail of the truck.

## RUSH OF WOMEN AT SPECIAL SALE

Never in the history of his business career, has Mr. Charles Fidler, proprietor of the Boston Ladies' Outfitters, seen such a crowd as that which besieged his store this morning, as a result of advertising a special sale to knock down the high prices. Mr. Fidler, his son and assistant, were obliged to keep hundreds of women locked out for some time until those inside left the store with their purchases.

Mr. Fidler decided that the present was an opportune time to assist their customers to deal a telling blow to the high cost of living, and so arranged for a special sale this morning which gave goods to customers at prices below actual cost. Shortly after the sale had started at nine o'clock, the doors had to be locked and then, for every 15 minutes after, unlocked just long enough to allow those inside to go out and some of those waiting outside to get in.

As they have done in the past, today's sale was only an effort to extend their co-operation with the buying public. By their work in the past, the Boston Ladies' Outfitters' store has become a haven for women seeking to get the most for their money.

In planning for the sale, Mr. Fidler secured the co-operation of all the mills with which he deals, and in that way he succeeded in purchasing hundreds of dollars' worth of goods at half the cost price. The idea of profits was entirely forgotten by the proprietor and he let thousands of garments go at the cost of the raw material.

After the rush, as soon as Mr. Fidler was able to arrange the thousands of sales slips, he found that he had sold 1160 articles at 35-cents, including suits, coats, dresses, capes and other women's wear, with fashionable waists at 55 cents.

The shelves and reels, fully stocked with goods in the beginning, were bare of all garments after the crowd left the store.

Mr. Fidler stated this morning that it was only the beginning of the war on high prices which he was intending to wage and through the co-operation of manufacturers and wholesalers in the future, he predicted that the women of the city would be greatly helped in their fight against the high cost of clothes.

## Should Have More Power

Continued

bill, that a strictly non-partisan commission, as far as charter inclinations are concerned, is appointed. The matter has come up over night with me; I didn't know anything about it until today.

"Since I have been in office, I have come to the belief that the mayor should have more power. I don't say this because I happen to be mayor now; no matter who the incumbent may be, I think he should have greater actual control of the reins of government than he has now.

"In one respect, especially, I think the present charter is open to amendment. That is in the regulation of the financial department of the city. Personally and from the experience I have had since becoming mayor, I believe that the mayor should have complete control of the city's finances.

"At first glance, I know that that sounds like a rather drastic step. But if you put the financial control of the city in the hands of the mayor, you have one man upon whom to lay all responsibility. I believe the mayor should be the man to say how much each department should be allotted in the annual budget. Suggestions and recommendations from the heads of various departments, of course, would be taken into consideration. But under the present system the mayor has no power to control the expenditure of money. If he happens to have a commissioner at the head of a department who is over-generous in the expenditure of money, there is really nothing to stop him from going ahead providing he has the votes of two other members of the council.

"But if that power were put in the hands of the mayor, he'd know just what the financial condition of the city was, how much it could afford to spend any particular time or any one month, for the matter. It would be a centralization of financial control instead of having five commissioners trying to conduct their own financial department.

"Then if a clerk wanted a raise in pay, the mayor would be the man to say whether he or she should get it. He would have in his grasp a knowledge of the financial condition of all city departments, not one or two. If he thought that the clerk should get a raise, after investigating all the circumstances surrounding the particular case, he would have authority to grant it. As it is now, one commissioner, caring only for the details of his own department, is the sole judge of the merits of the case.

"I also believe that the control of the police department and all matters having to do with public safety should remain with the mayor as he is the head of the city.

Headaches From Slight Colds

Cure the headache by curing the cold. A tonic laxative and germ destroyer. Look for signature E. W. GROVE on box. 50c.—Adv.

## IRISH BOND CAMPAIGN WORKERS BANQUETED

The workers of St. Patrick's parish who staged the Irish bond campaign in that section of the city were treated to a complimentary banquet in St. Patrick's school hall in Suffolk street last evening. John Flannery was toastmaster, and among the speakers were Rev. Francis L. Keenan and James O'Sullivan, chairman of St. Patrick's bond drive committee. Following the banquet a musical program was carried out. William Paul McCarthy was the accompanist of the evening.

## SUFFRAGISTS HOPE TO WIN IN DELAWARE

DOVER, Del., May 6.—Encouraged by the passage yesterday by the state senate of the resolution to ratify the federal woman suffrage amendment, suffragist leaders were here in force today to work for similar action in the lower house and thus make Delaware the 36th state to ratify the amendment, the number necessary to put it in force.

The resolution was expected to come before the house today and suffrage workers claim they have gained sufficient votes in that body since the measure was defeated 22 to 9 on April 1, to assure its passage. Those opposed to ratification, on the other hand, declare sentiment in the house against the resolution is as strong as ever.

## WEAR SOFT SHIRTS

## Strike Against Starched Shirts and Collars in Chicago

CHICAGO, May 5.—Today marked the second day of the 20 day "strike" here against starched shirts and collars.

The "strike" leaders claimed 1200 workers in the business district joined the movement the first day.

John W. Champion, secretary of the Chicago chapter of the Red Cross and the strike "agitator" said soft shirts might be of any color except white.

He added that the "strikers" had taken a step toward efficiency in dressing by having collars attached to shirts, thus eliminating time spent searching for a button and attaching the collar.

## FIUME QUESTION

## Plans for Buffer State Virtually Abandoned

ROME, May 5.—Plans for a buffer state about Fiume have been virtually abandoned owing to the opposition of the Belgrade government, says the Giornale d'Italia.

Italy may be given formal sovereignty over Fiume, the newspaper says, on condition the port is placed under Jugoslav control.

natural officer to whom people go on matters of that kind. If a person is in trouble and feels he can get aid or redress from the city, he naturally turns to the mayor as the man to give him that assistance.

"The creation of a new department of public health, such as they now have in Lawrence, would also be a good thing for the city, in my opinion. That would take in the regular health department work, hospitals, charity and various associated activities. There is enough work in a department like that to engage the attention of one man all the time."

Asked if the transfer of financial control from the commissioner of finance to the mayor would mean any change in the duties of the city treasurer, Mayor Thompson said it would not. The treasurer's office is established by law no matter what form of charter there is, and he has certain duties which must be performed by him and him alone.

## SCHOOL COMMITTEE

The school committee will hold a special meeting this evening at 8 o'clock.

## VALUE

That Sister Mary's Compound is a VALUABLE remedy is more clearly known by the immense assistance it has given in numerous cases to people who have found it the essential remedy in restoring the vigor and health which means HEALTH. The value of the latter is priceless, but a valuable remedy, such as Sister Mary's Compound, cannot be over-estimated. The numerous testimonials of people and the varying cases in which it has justified the claims made for it, establish its VALUE and likewise furnish the best evidence of the effectiveness of Sister Mary's Compound. This preparation is a combination of Nature's ingredients, used and recognized by physicians from time immemorial. The most valued preparation on the market today for stomach and lung troubles, blood purifier and body builder, is Sister Mary's Compound.—Adv.

## No Wage Revision at Gen. Electric Plant

LYNN, May 6.—No revision of wages at the local plant of the General Electric Co., is possible before July 1, and the system of timing operations cannot be dispensed with, General Manager G. M. Rice announced today in notices posted at the plant. There has been unrest among 12,000 operatives on the question of wages and on timing work. Several hundred have walked out in protest against the latter, and meetings have been called for tomorrow night and Sunday to formulate demands for an increased wage scale.

## PEACE LEAGUE AND COST OF LIVING TO BE DISCUSSED AT GENEVA CONGRESS

GENEVA, April 22.—International unity, peace and the League of Nations and the high cost of living are prominent among the subjects on the agenda of the tenth congress of the second international to be held here beginning July 31. Invitations, just issued, are signed by Camille Huysmans.

# CHARTER COMMISSION REGULATING TAXI FARES

## Senate Passes Measure for Creation of Commission to Study Charter

The latest move to change the present charter governing the city of Lowell was made in the state senate late yesterday afternoon when Senator Frank H. Putnam, of this city, introduced a bill providing for the creation of a commission of 15 members to study the local charter situation and report its recommendations to the general court not later than the first Wednesday of next January. Under suspension of rules, the measure went through the senate and has been referred to the house.

The bill provides that the commission shall be appointed by the mayor who will give representation to every ward in the city and apportion the members as equally as possible among the two leading parties. Provision is also made for the establishment of quarters at city hall.

If Senator Putnam's bill is passed, Representative Thomas J. Corbett's charter bill which has been lying on the table for some time, will automatically be killed unless the commission should recommend its adoption when it makes its report. The bill also provides that the commission appointed by the mayor shall study the feasibility of establishing a finance commission in Lowell, similar to the one now in force in Boston.

## JURY VISITS SCENE OF FATAL ACCIDENT

A superior court jury, impaneled this morning, left the court house in Graham street at 11:30 o'clock to visit a grade crossing on the state road between Littleton and Ayer Junction, where on the night of Oct. 21, 1931, Theodore Fletcher and his aunt, Carrie R. Fletcher, were instantly killed when the automobile in which they were riding as passengers was struck by a Boston-bound train. The automobile was being operated by Donald Fletcher at the time of the accident.

The three cases growing out of the accident, came up for trial today. Two of them are in relation to the two deaths, \$15,000 being the amount specified in the writs in each instance, while the third is in the sum of \$1000 for damages to the automobile. Wier and O'Donoghue appear for the Boston & Maine and Charles H. Donahue for Boston for the plaintiff.

What court officers and attorneys declared to be a most unusual situation developed in selecting a jury to sit upon the case, when no less than nine of the jurors drawn announced that they were either employees of the Boston & Maine, had some connections with the road or owned stock therein. They were all excused.

In his opening statements, attorney for the plaintiff told the jury he would attempt to prove to them during the trial of the cases that on the night in question the automobile driven by Donald Fletcher was traveling from Ayer towards Lowell at a rate of speed no greater than 25 miles an hour at the spot where the accident occurred and that the train was traveling in an almost parallel direction toward Boston at a rate of speed of approximately 60 miles an hour; that there was no crossing tender or flagman at the crossing or no danger lights to warn travelers of the approach of a train.

Mr. Wier in opening for the defense said he would endeavor to show that the automobile had nearly crossed the tracks when struck and that an electric warning bell rang to show the approach of a train.

The case will not begin in court until next Monday, for Judge Fosdick allowed the jurors to go to their homes immediately after the view had been taken.

## Local Taxicab Men Discuss Fare Problem With Special Committee

Representatives of local taxi cab companies, in conference with a special committee of commerce committee last night, expressed a willingness to aid the committee in every possible way, to arrive at a solution of the problem to properly regulate taxi fares within the city and to provide some safety for passengers, in case of accident.

As the first step in this direction, the taxi men present offered to submit their individual ideas on the fairest method of fare regulation in writing to the committee and also what they suggested the most practicable means of securing the safety of passengers and public.

The taxi men present at the conference were: Thomas H. Braden, Depot Taxi Service; Charles Cote, John J. Sullivan, Louis Yord, Lowell Taxi Service; George W. Morrison, Auburn Motor Car Co., and Patrick Keegan.

These men assured the committee that they fully realized the need of some sort of regulations and that they did not criticize the chamber of commerce for its activity in an attempt to arrive at a solution of the problem. For the chamber, Secretary George F. Wells made it clear that it was not the sense of the organization to secure a reduction in fare so much as to have a proper fare fully regulated.

The taxi men said that Lowell is a poor city for taxicab work and in no way can be compared with cities such as Springfield, Boston or New York, where, it has been said, rates are somewhat lower than in this city in comparison to the distance of hauls. The taxi men did not take the suggestion of a zone system very enthusiastically and Mr. Braden said that such a system was tried here a few years ago, but fell far short of its purpose and was considered a failure.

William D. Regan and William J. White, Jr., were present, representing the special committee which is investigating the question.

## TO REPORT ON WATER DEPARTMENT SURVEY

Herbert R. Ball, expert accountant and member of the Textile school faculty tonight, will make a formal report of his survey of the city water department to the municipal government committee of the chamber of commerce. Commissioner John F. Salmon and former Supt. Robert J. Thomas also will attend the meeting, which has been called to consider more fully the proposed increase of 25 per cent. in city water rates.

The committee met a few days ago, but at that time Mr. Ball, who had been engaged to make a survey of the department, principally for the purpose of ascertaining, if possible, the justification of a 25 per cent. increase, had not had sufficient time to complete a report. He has since done more work on the survey and will make a formal report this evening. It will be remembered that Commissioner Salmon employed Mr. Thomas to make a survey a week or so ago and the former's decision to increase the rates 25 per cent. was based somewhat on the report of the former superintendent.

John M. O'Donoghue, chairman of the municipal government committee, in speaking of the purpose and intent of the investigation, said that as far as he knows no member of his committee doubts the necessity of an increase, the question in mind, being simply as to the amount of increase justifiable at this time.

## SUN BREVITIES

## FUNERALS

**NELSON**—The funeral of Gerda Elvira Nelson took place yesterday from her home in Lynn, the body being forwarded to Lowell, where services were held at the Swedish Lutheran church, Rev. P. E. Nordgren, pastor of the church, officiated. There Gillmison sang appropriate selections. The funeral services were evidence of the sympathy of numerous friends. The committal service was read at the church by Rev. Mr. Nordgren and burial took place in Westlawn cemetery.

**CLARE**—The funeral services of John W. Clare were held yesterday afternoon at his home, 52 Ludlum street, and were largely attended. He was represented by James Southworth, Robert Patterson, V. J. and James Foster, Rev. Arthur B. Shaw, assistant pastor of St. Anne's Episcopal church, officiated. There were many beautiful floral tributes. The bearers were James Southworth, Edmund Drendle, James Foster, Robert Patterson, Charles Bradley and Lewis Adams. Burial took place in the family lot in the Edison cemetery, where the committal service was read by Rev. Mr. Shaw. The funeral arrangements were in charge of Undertaker William H. Saunders.

**GUSTAFSON**—The funeral of Mauritz Gustafson was held yesterday afternoon at Saunders' funeral home, 47 Appleton street, and was largely attended. Rev. P. E. Nordgren, pastor of the Swedish Lutheran church, officiated. There was appropriate singing by Olof Berntson. The floral tributes were many and beautiful. The bearers were Peter Hanson, Christian Nyhr, Edward Jacobson and Uno Nelson. Burial took place in the Edison cemetery, where the committal service was read by Rev. Mr. Nordgren. Undertaker William H. Saunders was in charge of funeral arrangements.

**GREEN**—The funeral of Albert T. Green was held from his home, 52 Green street, yesterday afternoon. The services were conducted by Rev. E. T. Farrow, pastor of the First Baptist church. Appropriate selections were sung by Misses Lillian T. and Bernice P. Libby. Delegates were present, representing Centralville Lodge, 215, I.O.O.F., and Dikrim Lodge, 215, I.O.O.F., also many comrades of Co. G, Sixth Massachusetts Infantry. The G.A.R. flag service was completed by Mrs. Ethelna R. Curtis, representative of the G.A.R. The funeral services were in charge of Undertaker George W. Healey.

**NOKES**—The funeral of Renee Louise Nokes was held from the home of her parents, Mr. and Mrs. Ernest O. Nokes, 1457 Gosham street, yesterday afternoon. The services were conducted by Rev. George F. Sturtevant, pastor of the North Church. The bearers were Fred Brooks, Joseph D. Gardiner, Patrick A. Walsh and Ralph Leith. Burial was in the family lot in the Westlawn cemetery. The funeral arrangements were in charge of Undertaker George W. Healey.

**CROCKETT**—The funeral of Mrs. Mary S. Crockett was held from the home of her daughter, Mrs. James O. Melvin, 25 Maude street, yesterday afternoon. The services were conducted by Rev. E. Ambrose Jenkins, pastor of the North Church. The bearers were Mrs. Nana Gallagher, Leachey. There were many beautiful flowers. The bearers were James O. Melvin, John Hoyt, Charles H. Jones and Lyman Crockett. Burial was in the family lot in Riverside cemetery. The funeral arrangements were in charge of Funeral Director John A. Wierke.

**SHAW**—The funeral of Mrs. Anna P. Shaw took place this morning from her home, 15 Lawson street, at 8:30 o'clock and was largely attended. The service proceeded to St. Patrick's church, where at 9 o'clock a solemn mass of requiem was sung by Rev. Joseph A. Curran, assisted by Rev. Francis Mullin as deacon and Rev. Francis Keenan as subdeacon. The choir under the direction of Mr. Michael J. Johnson, rendered the Gregorian chant, "A Solena, rendered by Miss Alice E. Murphy and Mrs. L. E. Birkin. The bearers were Ernest W. H. Jones, George Carr, Arthur and Chas. Wedgeworth. The burial was in the family lot in the Edison cemetery under the direction of Undertakers Jas. P. O'Donnell & sons.

**BODY BROUGHT HERE**—The body of Pierre Deschamps, who died suddenly in Montreal while visiting relatives Tuesday afternoon, arrived in this city this morning. The remains, which were brought here by Undertaker Joseph Albert, were moved to the home of the mother, Mrs. Francis Deschamps, 51 Melvin street.

## CARD OF THANKS

I wish to express my sincere thanks for the many expressions of sympathy and for the many beautiful floral tributes, kind wishes and relatives, and for the many kind and helpful suggestions of friends, preventing the flow of water through shot holes.

MRS. LINA GUSTAFSON.

PEGGY AUSTIN

**BRIGHT PROMISES ENTICE GIRL**  
NEW YORK, May 5.—A man met Peggy Austin, 16 years old, on the street near her home in Tom's River, N. J. He told her that if she would come to New York with him he would buy her pretty clothes, take her to shows and cafes and make her very happy. She ran away, and they were together several weeks. Now she is complaining witness against Charles Breslow, a trained nurse, 32 years old, charged with abduction.

## COMMANDER VISITS RECRUITING STATION

Col. Griffith, the new commander of the recruiting station in Boston, visited Lowell yesterday to inspect the army recruiting station in the Massur block. Col. Griffith was formerly connected with the station in Pittsburgh. He was retired from active service some time ago, but was recalled into active service for recruiting duty.

Yesterday Lieut. Kennedy sent one recruit to Boston. He was Leo J. Malenfant of 55 Gershom avenue and was enlisted for duty with the Coast artillery.

## FUNERAL NOTICES

**BALDWIN**—Died May 5th, in this city, John D. S. Baldwin at 300 Gosham street. Funeral services will be held at the home of George W. Healey, 79 Branch street, Saturday afternoon at 2 o'clock. Friends invited without further notice. George W. Healey in charge.

**HARRY**—The funeral of Miss Catherine T. Barry will take place Saturday morning at 8 o'clock from her home, 13 Sydenham street. At 9 o'clock a mass of requiem will be sung at the Immaculate Conception church. Burial will be in the family lot in St. Patrick's cemetery under the direction of Undertakers James P. O'Donnell & sons.

**MCCARTHY**—The funeral of Patrick McCarthy will take place Saturday morning at 8 o'clock from his home, 15 St. Grace street. High mass of requiem at St. Columba's church at 9 o'clock. Interment will be in St. Patrick's cemetery in charge of Funeral Director James W. McKenna.

**MURPHY**—The funeral of Miss Ellen Murphy will take place Friday morning from the undertaking parlors of Peter H. Savage at 5:30 o'clock. High mass of requiem at St. Patrick's church at 9 o'clock. Burial in St. Patrick's cemetery. Motor cortege. Undertaker Peter H. Savage in charge of the funeral.

This deans backs of accountants are not in this business for the protection of warships, preventing the flow of water through shot holes.

MRS. CORNELIUS VANDERBILT

## HERE COMES THE BRIDE

New York Police Keep Back the Curious at Vanderbilt Wedding

NEW YORK, May 5.—The marriage of Miss Rachel Littleton, sister of Martin W. Littleton, to Cornelius Vanderbilt, Jr., in St. Thomas' church, was the social event of recent years in New York. Police had to hold back throngs who tried to get into the church. The bride's picture was taken at her home just before the ceremony. Wedding presents were valued at about a million dollars.

## DEATHS

**BAKER**—Edmund Baker, aged 74 years, died at a hospital in Lawrence Tuesday afternoon after a long illness. Deceased was well known in Westford. Having resided there for several years. He is survived by his wife, The body will be brought to Westford for burial.

**BALDWIN**—John D. S. Baldwin, a G. A. R. veteran, died yesterday evening at his home, 300 Gosham street. He was 78 years of age. Deceased leaves his wife, Mrs. Julia Baldwin; two daughters, Mrs. Cora Dean and Mrs. Louis John; and three grandchildren, Dexter, Rodgerie and Margarette Baldwin. He was a post commander of Ladd and Wilkes' Post, 15, G. A. R., and a member of Pentucket lodge of Masons, Mr. Baldwin resided at 531 Merrimack st. for over 40 years, having only recently moved from there.

**MCCARTHY**—Patrick McCarthy, an old resident of Pawtucketville and a devout and constant attendant of St. Columba's church, died this morning at his home, 15 St. Grove street, after a long illness, aged 55 years, 1 month and 20 days. He is survived by his wife, Mrs. Mary (Burke) McCarthy.

**MCGILLIVRAY**—Mrs. Sarah McGillivray, widow of Hugh McGillivray, died this morning at her home, 2 Chestnut square, after a long illness, aged 54 years. Her remains were removed to the undertaking rooms of James W. McKenna, 415 Bridge street.

**LEUNG**—Edward, aged 1 month, infant son of Philippe and Marianne Leung, died last night at the home of his parents, 305 West Sixth street. Burial took place this afternoon at 3 o'clock in St. Joseph's cemetery under the direction of Undertaker Joseph Albert.

**HARRY**—Miss Catherine T. Barry, daughter of Patrick H. and the late Ellen T. Barry, and an attendant of the Immaculate Conception church, died this morning at her home, 13 Sydenham street, aged 21 years, 10 months, 18 days. Her father, the late Harry Barry, and one sister, Miss Helen G. Barry.

## "WINGED FEET" THRILL BROADWAY

NEW YORK—Paris has a brand new fad—that of women wearing feathers in their oxford, with the idea of decorating the "kicks" and protecting the ankles. And American girls wearing the winged shoes are already thrilling Broadway.

Miss Jessie Stephen

## EX-HOUSEMAID MAY GO TO PARLIAMENT

LONDON, May 6.—Miss Jessie Stephens started life selling papers. Then she tried working as a house servant. Saleswoman in a grocery store was her next job and from there she graduated into the business of organizing for a suffrage society. She just naturally drifted into politics and became a fearless and capable speaker. Now she fully expects to be elected to parliament on the labor ticket in the approaching general election.

During the last ten years our population has increased 3 per cent. yearly, while our crop production has increased only half as fast.

## RHEUMATISM LEAVES YOU FOREVER

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours

Every druggist in this country is authorized to say to every rheumatic sufferer that if two bottles of Allenru, the sure conqueror of rheumatism, does not stop all aches and pains, swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenru has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiable and where the patient was helpless.

Mr. James H. Allen, the discoverer of Allenru, who for many years suffered the torments of acute rheumatism, does not stop all aches and pains, swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Mr. James H. Allen, the discoverer of Allenru, who for many years suffered the torments of acute rheumatism, does not stop all aches and pains, swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

## Let Us Help You With Your Spring Sewing

This Portable Electric Sewing Machine is as easily carried as a traveling bag.

Hundreds of women, contented by the high cost of ready-made suits and dresses, are making their spring clothes at home this year.

You, too, can have the pretty new things you want if you will make them yourself. The saving is surprising.

A Portable Electric Sewing Machine is a wonderful help to the woman who is making her own wardrobes. It eliminates all the tiresome foot-treading that is so trying and hard. It leaves you free to devote your time and ability to dressmaking—and that means more attractive and better-made clothes.

## LOWELL GAS LIGHT CO.

# GOVERNOR VETOES BEER BILL

## Counsel for Radicals Attacks Palmer

### COOLIDGE VETOES 2.75 BEER BILL

Says There is Little Satisfaction in Attempting to Deceive Ourselves

And Grave Danger of Deceiving "People" — Act Would Not Provide Beer

BOSTON, May 6.—Gov. Coolidge today vetoed the bill which would legalize the manufacture and sale of beverages containing not more than 2.75 per cent of alcohol in this state.

With his veto, the governor sent a message saying there "is little satisfaction in attempting to deceive ourselves, and there is grave danger in attempting to deceive the people."

"If this act were placed on the statute books today," he added, "it would provide no beer for the people."

As the supreme court has yet to speak on the constitutionality of the Volstead act, the governor said no one would dare act on the state measure if enacted, "and if anyone did he would certainly be charged with crime. It is better to proceed with candor. Wait until the supreme court talks."

### HELD WITHOUT BAIL

Two Men Arrested as Suspects in Connection With Braintree Murder

BROCKTON, May 6.—Two men, Bart Vanzetti, 32, of Plymouth, and Mike Sacco, 31, of Stoughton, arrested last night by Brockton police as suspects in connection with the South Braintree murder April 15, were held in court here today without bail for a hearing Saturday.

State police and the district attorney's staff are working upon the case. It is alleged that the authorities have witnesses who will identify the men as those who took part in the Braintree payroll robbery.

A man whose name the police will not divulge, claims that Vanzetti was the driver of the bandits' car at South Braintree. He has been positively identified as one of the men who attempted to hold up the L. Q. White Shoe Co. paymaster at Bridgewater last Dec. 24.

### MISDEMEANOR TO GIVE FALSE NEWS TO PAPER

ALBANY, N. Y., May 6.—The Belts bill, making it a misdemeanor to furnish false news to a newspaper, was signed by Gov. Smith today. The new law reads: "Any person who knowingly and wilfully states, delivers or transmits by any means whatever, to any manager, editor, publisher, reporter or other employee of a publisher of any newspaper, magazine, publication, periodical or serial, any false and untrue statement of a fact concerning any person or corporation, with intent that the same shall be published, is guilty of misdemeanor."

### BENSON TELLS OF WARNING SIMS

Told Him Not to Let His Friendship for British Influence His Official Acts

Would Not Deny He Told Sims "Not to Let British Pull Wool Over Eyes"

WASHINGTON, May 6.—Admiral William S. Benson, war time chief of naval operations, told the senate naval investigating committee today, that both before and during the war, he had warned Rear Admiral Sims not to let his friendship for the British unduly influence his official acts.

Admiral Benson said he could not deny that he had told Admiral Sims in March, 1917, "not to let the British pull the wool over your eyes; we would as soon fight them as the Germans," as he could not recall all of the details of the interview.

The witness did say, however, that a wrong interpretation had been made.

Continued to Page Nineteen

### TO FIX INTEREST RATES

City Treasurer Empowered to Designate Interest on High School Loan

City Treasurer Fred H. Bourke received information today that the legislature passed yesterday an act empowering the treasurers of cities and towns in this commonwealth to designate the rates of interest on all bonds, notes, etc., issued by a city or town in loan transactions. The purpose of this act will probably have an important effect on Lowell.

Within the past year, of course, no financial house or bank would accept notes paying such a low rate of interest, but the city treasurer had no power to offer a larger rate, owing to the 4½ per cent stipulation in the high school loan authorization act of 1915. Money authorized in 1919 and again this year for the high school has had no interest rate stipulations; the treasurer had the right to pay whatever interest required.

However, in the near future the city might be seriously inconvenienced in the construction of the new high school if it were not able to borrow \$400,000 of the loan authorized in 1915. To that end, an effort was made to have legislation passed authorizing the treasurer of this city or any other city and town of the state to disregard previous stipulations of percentage rates in loan authorizations and to fix rates of interest themselves with the approval of the municipal council or whatever governing body there happens to be in the community.

"This will mean that there will be no further delay in borrowing the complete amount which the city has been authorized to borrow for the high school and that as far as finances are concerned, there should be no hindrance to the completion of the building."

### FIERCE BATTLE AROUND KIEV

Fight for Possession of City Continues Day and Night — Poles Close In

Reports that Two Russian Red Armies Had Been Destroyed Are Confirmed

WARSAW, May 6 (By the Associated Press).—Fighting between the Poles and Bolsheviks for possession of Kiev, capital of the Ukraine, continues day and night. In the entire semi-circle of the Kiev bridgehead the Polish infantry is in contact with the Bolshevik infantry.

The Poles are slowly pushing back the enemy in the face of machine gun and artillery resistance.

Two Armies Destroyed  
BERNE, May 5.—Reports that two Russian Bolshevik armies have been destroyed.

### M'CALL ACCEPTS PLACE ON TARIFF COMMISSION

WINCHESTER, May 6.—Former Governor Samuel W. McCall has been offered appointment to the tariff commission and has sent word to the White House that he will accept. He said today that his decision was made after receipt of a letter from Chairman Page of the commission urging him to accept and outlining what he said was the very important character of the work to be undertaken by the commission during the coming year.

Mr. McCall is a republican. He served 11 of his 29 years in congress as a member of the ways and means committee of the house, which initiates tariff legislation.

Nominated by President  
WASHINGTON, May 6.—Samuel W. McCall, former governor of Massachusetts, was nominated today by President Wilson to be a member of the tariff commission.

Potter Named  
WASHINGTON, May 6.—Mark W. Potter of New York, president of the Carolina, Clinchfield & Ohio railway, was nominated today by President Wilson to be a member of the Interstate Commerce commission.

### SHOULD HAVE MORE POWER

Mayor Thompson Says Chief Executive Should Control City's Finances

Discusses Appointment of Commission to Study Charter Situation Here

Would Appoint to Charter Commission Men Unbiased in Their Opinions

Believes Health Department Should be Entirely Separate From Police Dept.

"If the state legislature sees fit to give me authority to appoint a commission of 15 members, who shall study the charter situation in Lowell, I shall appoint men who have showed no marked inclination toward any particular form of charter and who will be able to make a survey of the situation here with open minds."

So spoke Mayor Terry D. Thompson when informed this morning that Senator Frank H. Putnam had introduced a bill in the senate yesterday giving the mayor authority to appoint such a commission and that the bill had been passed by the upper body.

The mayor says that although he believes the present form of charter is about as good as can be obtained for a city of this kind, providing it were amended in various respects, nevertheless, he would not let that opinion influence him in the selection of the commission of 15 men.

"I have not entered into the charter discussion that has been going on here for the past few years," he said in discussing the matter, "because I thought it was not my place to take an active part in such discussion. If the people want a change of charter, I should be the last man to oppose it and I shall certainly see to it, if the legislature passes Senator Putnam's bill."

### ANOTHER STRIKE IN LAWRENCE

Union Stationary Engineers in Several Mills Struck This Morning

New York Strikers Parade Tonight — Ultimatum to Pittsburgh Strikers

LAWRENCE, May 6.—Union stationary engineers in a number of local textile mills struck this morning, their demands for a 48-hour week and a minimum wage of from \$40 to \$50 a week not having been granted. The engineers have been working from 50 to 64 hours a week and union officials say their pay has been from \$25 to \$45 per week.

All the mills were running as usual today and at some of the plants it

### LEGISLATIVE MATTERS

Legislation Passed by General Court of Interest to Lowell

City Clerk Stephen Flynn has received copies of a number of pieces of legislation passed by the present general court and approved within the past few weeks. Several of them are of interest to Lowell.

Chapter 321 of the Acts of 1920, which was approved April 15, is relative to the return of the burial and cemetery permits by cemetery officers to the board of health, the body that issues such permits. The act provides that upon the burial of a body or the removal of a body from a cemetery, or upon the cremation of a body, the superintendent or other officer in charge of the cemetery shall endorse upon the burial permit the fact of such burial removal or cremation with the date and shall make and preserve a complete record of the permit with his endorsement and then return the permit to the office from which it was issued.

This act was evidently designed to insure proper recording of the removal of bodies not only by the health authorities but by cemetery officials so that in case of doubt the records of one would act as a check of the other.

Another act recently approved is Chapter 322, providing that the penalty for stealing an automobile, bicycle or motorcycle shall be imprisonment in state prison for not more than five years or imprisonment in a jail or house of correction for not less than one year.

Chapter 23 is a resolve providing for a special commission to investigate the advisability of establishing a trade school in leather chemistry and manufacturing in this state. This act is of interest to the large number of people employed in local leather and shoe concerns.

ACCIDENT BOARD HEARING  
Chester E. Gleason of the industrial accident board will give a hearing at city hall next Monday morning at 10 o'clock in the case of Christian Hansen vs. the Waterhead mill, under the workmen's compensation act.

### ATTACKS ATTY. GEN. PALMER

Counsel Hopes Court Will Find Official More of a Menace Than Radicals

Says Palmer's Activities Due to Fact That Attempt Was Made to Blow up Home

BOSTON, May 6.—Lawrence G. Brooks, counsel for a group of alien radicals who are seeking to escape deportation as desirables, today said in an argument in their behalf before the federal district court that he hoped the court would find Attorney General Palmer more of a menace to the country's institutions than those he is trying to deport.

Mr. Brooks, who is secretary of the Harvard Liberal club, said the attorney general's activities against radicals were due to the fact that an attempt was made to blow up his home last June.

It was this personal experience of Mr. Palmer, counsel contended, that prompted the raids on radicals in January and the warnings of revolutionary disturbances issued by the attorney general since. "One result of the bomb," Mr. Brooks said, "was that hundreds of communists were sent away on the Buford. Later came the raids in January without the slightest legality, and during the railroad strike recently Attorney General Palmer said the I.W.W. was responsible. This statement was denied by General Wood and no one can accuse him of sympathy with the I.W.W."

### Would Amend Immigration Laws

WASHINGTON, May 6.—Immediate amendment of the immigration laws was considered today at a special meeting of the senate immigration committee, called as a result of the ruling yesterday by Secretary Wilson that membership in the communist labor party is alone insufficient cause for deportation of aliens.

### R. R. Executives Ask for \$500,000,000

WASHINGTON, May 6.—An additional \$500,000,000 during this year to finance the construction of freight cars was asked of congress today by the railroad executives.

### 115 Sticks of Dynamite Under House

BOSTON, May 6.—A decayed wooden box containing 115 sticks of dynamite was found under a dwelling house in the Dorchester district today.

## LEAGUE COUNCIL MEETS MAY 14

Full Program Awaits Attention of Fifth Meeting to be Held at Rome

To Discuss Disarmament and Publication of all Treaties by Members

WASHINGTON, May 6.—A full program awaits attention of the council of the League of Nations, due to assemble in Rome May 14 for its fifth meeting. An outline of preparations for the meeting received here shows that first steps are to be taken toward carrying out such provisions of the league covenant as international disarmament, publication of all treaties entered into by league members, plans for the first meeting of the league assembly, admission of new members and many other matters.

The method of presenting these questions to the eight members of the council has been worked out very fully and much data assembled by the permanent staff about which discussion will center. Suggested courses of action also have been outlined and to insure adequate presentation of each subject, an arrangement has been perfected under which it will be the duty of a particular member of the council to familiarize himself in advance with data on each specified question and to read the consideration of that question when it is called upon.

Under this plan the French representative of the council will be responsible for discussion as to Article IX, which provides for creation of a permanent commission to advise the league on military and naval matters generally and supervise action toward international disarmament or limitation of armaments. The British member has particular questions regarding the permanent organization of the secretariat staff of the league; the Brazilian steps towards suppressing internationally the traffic in women and children, and the Japanese member, consideration of the report of the Washington labor conference.

Budget matters of the league, including the determination of the medium of exchange, whether dollars, pounds sterling, francs or what other units in which calculation of money is to be made in future have been made especially the province of the Spanish representative.

In some instances, all league members and even nations outside the league structure have been circulating already with requests for information bearing on questions to come before the council. In approaching problems to be taken up by the special economic conference to be held at Brussels May 25, preparation went even to the extent of submitting to all powers a full questionnaire. The United States government received one of these, but it is not known what reply was made.

The information sought was not such as is usually regarded as confidential by a government but merely called for placing in standardized form figures as to trade and other matters which as a rule are contained in routine government reports.

### Fierce Battle Around Kiev

Continued

outed and virtually destroyed in the course of the Polish-Ukrainian offensive against Kiev seem to be confirmed by dispatches received here. Reports which are taken with some reserve indicate the soviet forces have been forced back to the outskirts of the city.

Bolshevik troops were thrown into a panic by the rapid advance of the Polish and Ukrainian armies and retreated precipitately from some parts of the front, leaving large quantities of arms and ammunition on the field. It is said, Ukrainian peasants in territory still held by the Bolsheviks are declared to be in rebellion.

Poles Take Skivra

WARSAW, May 5 (By the Associated Press).—Polish cavalry, operating in the offensive against Bolsheviks, have occupied Skivra, in the Polish thrust to the Dnieper. Skivra, which is about 60 miles southwest of Kiev, was a Bolshevik stronghold.

Today's Polish communiqué announces that the two red divisions which were cut off from the retreating Bolshevik army last week were annihilated.

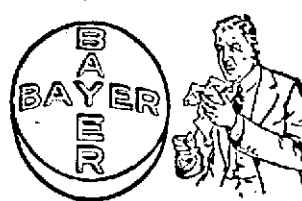

The fighting is continuing, the statement says, the Bolsheviks stubbornly defending their positions, although the Poles are making some progress.

Ready to Enter Kiev

PARIS, May 6.—Advices received at noon by the foreign office with regard to the Polish offensive against the Bolsheviks in the Ukraine says that the Poles could enter Kiev, the Ukrainian capital, but are waiting to permit Ukrainian forces to be the first to enter the city.

### ASPIRIN FOR COLDS

### THE WORK OF THE SALVATION ARMY

Continued

President W. N. Goodell of the Lowell Chamber of Commerce, has received a copy of a set of resolutions bearing upon the work of the Salvation Army, which were passed at the annual convention of the Chamber of Commerce of the United States, at which he was a delegate last week. These resolutions are of particular interest just at this time, with the local phase of the home service campaign only a few days distant, and inasmuch as the local chamber is co-operating with the Lowell branch of the army in every possible way.

The resolutions have to do principally with the army's Americanization program, which the United States Chamber of Commerce recognizes as similar to its own and which it heartily endorses.

President Goodell today recalled a statement made by Homer L. Ferguson, national chamber president, at the convention when he said: "We all know the Salvation Army and what it has done; any praise that is added is something that we already know. These of us who did not know the work of the Salvation Army have been forcibly impressed by the reports of the boys who served in our armies overseas."

Ladies! Use Buttermilk to Beautify Complexions

This Delicately True Vanishing Cream Containing True Buttermilk Is Guaranteed to Make You Look Younger or Money Back

Get a small quantity at Carter & Sherburne's, 157 Central St., or any pharmacy by simply asking for Howard's Buttermilk Cream and massage it daily into the face, neck, arms and hands. The directions are simple and it costs so little that no girl or woman can afford it. Your complexion must quickly show a decided improvement or your dealer is authorized to return your money without question should you be dissatisfied.

### Another Strike in Lawrence

Continued

was claimed that the engineers' strike would not affect the operation of the mills. It is estimated that about 60 members of the union are out. Conflicting statements were made as to the strike, officials of some of their engineers had struck while union officials insisted that at least 60 men had quit work. The effect of the strike will not be felt for a week, however, they stated, as for that length of time, unlicensed engineers may be employed. Only 25 engineers were present at a meeting at their headquarters this forenoon.

### NEW BEDFORD STRIKE

Continued

All Mills Running With Reduced Help—Number of Pickets Increased

NEW BEDFORD, May 6.—Weavers, spinners and mule spinners continue to support the textile strike here. Card room hands, ring spinners, yarn finishing girls, warper tenders, and spoolers are paying less attention to the strike order. As a result, all of the mills are opening and though the weaver rooms are practically empty, they have hands at work in several of the other departments. The percentage of normal production maintained in the working rooms differs mill by mill, and is not revealed by the manufacturers. The textile council admits nothing higher than 25 per cent.

Good weather brought out more pickets this morning, but quiet continues to prevail at the mill gates. Apparently the number of hands going to work varied little over yesterday. President Binns of the textile council announced today his intention of taking up with labor party members of the city government the action of the municipality in loaning city cars to the Dartmouth mill.

### STRIKERS TO PARADE

"To Show People of New York that R. R. Strike is Not Over"

NEW YORK, May 6.—Striking marine workers and railroad employees in Greater New York, plan to parade here tonight "to show the people that the strike is not over," according to Edward McHugh, chairman of the railroad

### ULTIMATUM TO R. R. STRIKERS

PITTSBURGH, May 6.—Striking employees of the Pittsburgh and Lake Erie railroad were officially notified by the company yesterday that they must return to their posts by noon Friday, May 7. If they wish to maintain seniority rights.

### LEWIS SURRENDERS, HELD IN \$10,000

INDIANAPOLIS, Ind., May 6.—John L. Lewis, president of the United Mine Workers of America, surrendered to a United States marshal here late yesterday on a federal indictment, charging conspiracy to violate the Lever act and was released on \$10,000 bond. He will be arraigned before the United States District Judge A. B. Anderson in court here today, along with a number of other miners' officials and coal operators, who were indicted by a special grand jury, which investigated the coal strike.

### MATRIMONIAL

Mr. Arthur E. Dubois and Miss Lucy Simard were married last evening, the ceremony being performed at 6:30 o'clock at St. Louis church by the pastor, Rev. J. B. Labossiere. The bride was Miss Irma C. Simard, a sister of the bride, while the best man

### For Acid Stomach Drink Hot Water

To Neutralize Dangerous Acid, Sweeten Stomach, Stop Indigestion.

If dyspepsia, suffering from acid stomach, gas, wind, or flatulence, gastric catarrh, heartburn, etc., would take a teaspoonful of pure Bismarck Mag-nesia in half a glass of hot water immediately after eating they would soon forget they were ever afflicted with stomach trouble, and doctors would have to look elsewhere for patients. Most forms of stomach troubles are due to stomach acidity and fermentation of the food contents of the stomach combined with an insufficient blood supply to the stomach. Hot water increases the blood supply and dissolves dyspepsia, which can be readily obtained at any reliable drug store, in either tablet or powder, instantly neutralizes the excessive stomach acid and stops food fermentation, the combination of the two, therefore, being marvellously successful and decidedly preferable to the use of artificial digestants, stimulants or medicines for indigestion. Elgett's Biker-Jaynes' Drug Stores.—Adv.

was Mr. Ubald Dubois, a brother of the groom. The bride's gift to the bridesmaid was an aquamarine ring, while the groom's favor to the best man was a lodge ring. At the close of the ceremony a brief reception was held at the home of the bride in Essex street, and later the couple left on a honeymoon trip to New York and Washington. Upon their return they will make their home at 719 Merrimack street.

Sheehan—Roach  
The marriage of Mr. William A. Sheehan and Miss Mary T. Roach took

place yesterday afternoon, the ceremony being performed at 4 o'clock at St. Peter's rectory by Rev. Fr. Linehan. Mr. Patrick Barrett acted as best man, while the bridesmaid was a sister of the bride, Mrs. Timothy Keefe. After a two weeks' honeymoon trip to Boston and New York the happy couple will make their home at 3 Cedar street.

During the war Germany consumed one and one-third million pounds of gunpowder a day.

In 1914 7,500,000 tons of fertilizer, worth \$175,000,000, were consumed in this country.

## WHO WOULDN'T BE A BLACK SHEEP?

Margaret had a little lamb,  
His fleece was black as soot;  
And everywhere that Margaret  
went,  
His sooty foot he put.

Grateful Albanians gave Mar-  
garet the black sheep for her  
Red Cross work in Albania, and  
she brought the pet back to the  
U. S.

MARGARET M. WILLIAMS

## BOYS SWARM MARINE RECRUITING STATION

The marine recruiting station in the  
Odd Fellows building, in Middlesex  
street, is besieged with boys of the  
ages of 15 and 16 years old as a conse-  
quence of the announcement a short  
while ago that they would be accept-  
ed as apprentices for musicians. Ser-

geant Anderson, however, is very care-  
ful in signing up the youngsters be-  
cause many try to enlist under the  
wrong age and because parents' con-  
sent is necessary for them to enlist.  
He expected a number of mothers of  
boys with whom he had talked to visit  
the station today to sign the papers  
for their boys.

A marine knows everything that any  
soldier knows, much that the sailor

Her Nerves Gave  
Out Completely

It does not pay to experiment with  
your health. The result is generally  
increased suffering and needless pain.  
When the blood becomes thin and your  
complexion grows pale begin at once  
with the tonic which Mrs. H. Robinson,  
of No. 412 Main street, Clinton, Mass.,  
recommends. Delay in such cases gen-  
erally means nervousness, indigestion,  
sleeplessness, fainting spells, head-  
aches and general weakness.

"I had worked pretty hard, over-  
worked in fact," relates Mrs. Robinson.  
"It was so run down that the least  
effort about the house tired me out  
and my nerves were in such shape  
that I suffered frequently from head-  
aches. Noise of any kind upset me,  
whether it was the banging of a door  
or the laughter and shouts of children.  
I had frequent dizzy spells and could  
not sleep well. I was pale and lost  
considerable weight."

"I decided to try Dr. Williams' Pink  
Pills as I had read a great deal about  
the remedy. After a week's treatment  
I felt so much improved that I con-  
tinued taking the pills. Gradually my  
strength returned and I was able to  
do my work without unusual effort.  
As my blood improved my nerves  
gained strength. I feel like myself  
again and have gained several pounds."  
I strongly recommend Dr. Williams'  
Pink Pills to those who are nervous  
and run down for I am sure that the  
remedy will help them."

All druggists sell Dr. Williams' Pink  
Pills or you can order them direct by  
mail from the Dr. Williams Medicine  
Co., Schenectady, N. Y., price 50  
cents per box postpaid. Write  
today for the booklet, "Diseases of the  
Nervous System." It is free and is  
full of useful information for nervous  
people.—Adv.

knows, and as Kipling said, "There  
isn't anything under the sun that the  
beggars don't know nor do." He serves  
at naval station at home and protects  
American lives and interests abroad  
and is always ready for expeditionary  
duty; he does guard duty on board  
battleships and first class armored  
cruisers and is in the first detachment  
of any landing party sent ashore from  
these ships, and he mans the second-  
ary or torpedo defense batteries. The  
marines are given plenty of shore lib-  
erty in foreign ports provided there is  
no contagious disease ashore. Some  
of the marines are taught aviation and  
men of special ability along this line  
are assigned to this work. Their weap-  
ons are the rifle, the pistol, the gren-  
ade, the machine gun, the anti-air-  
craft gun, the light, heavy and field  
artillery gun as well as modern bombs  
and trench mortars. The marine's  
training is highly spoken of because it  
is thorough and varied. There is no  
officer's training school where a civil-  
ian may train to be a marine officer.

The pay of a marine ranges from  
\$10 to \$75 a month, according to rank  
and length of service. A warrant offi-  
cer, the grade just between the enlist-  
ed man and the commissioned officer  
gets from \$1750 to \$2500 a year, and  
promotion to that rank depends upon  
the worth and character of the man.  
The requirements for enlistment are  
that the applicant be an American citi-  
zen between the ages of 17 and 40

years, that he read, write and under-  
stand the English language; that he  
be of good moral character, of good  
limb and in excellent health; that his  
eyesight and hearing are good; that  
he has sound teeth, that he is at least  
65 inches high without shoes or sock-  
ings and that he weigh not less than  
125 pounds stripped.

QUICK RELIEF FROM  
CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands  
since Dr. Edwards produced Olive  
Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician  
for 17 years and calomel's old-time  
enemy, discovered the formula for Olive  
Tablets while treating patients for  
chronic constipation and torpid liver.

Dr. Edwards' Olive Tablets do not  
contain calomel, but a healing, soothing  
vegetable laxative.

No griping is the "keynote" of these  
little sugar-coated, olive-colored tab-  
lets. They cause the bowels and liver to  
act normally. They never force them to  
unnatural action.

If you have a "dark brown mouth"—  
bad breath—a dull, tired feeling—sick  
headache—torpid liver—constipation,  
you'll find quick, sure and pleasant  
results from one or two of Dr. Edwards'  
Olive Tablets at bedtime.

Thousands take them every night just  
to keep right. Try them. 10c and 25c.

HOTEL FOR STRAY  
BOYS IN CHICAGO

CHICAGO, May 6.—The stray boy  
who for dinner flattens his nose against  
the bakery window and who at night  
sleeps with grown-up tramps in the  
park or in the back alley shed, will  
come upon better days if the plan of  
George W. Brown, of Chicago, works  
out.

A hotel for boys, to be operated so  
far as feasible by boys, and fitted up in  
a way to attract the youngster who  
finds himself in vast Chicago tempo-  
rarily or permanently without a home,  
is the idea of Mr. Brown, who for a  
decade, has given most of his time  
to volunteer work among homeless  
boys. His work has brought him in  
touch with juvenile court officials in  
many cities and he has enlisted their  
support in his efforts to obtain a "tran-  
sient hotel for boys" between the ages  
of 14 and 17. Joseph Tumulty, the  
president's secretary, a schoolmate of  
Mr. Brown, has lent his aid to some  
of Mr. Brown's boy betterment schemes.

"The Y.M.C.A. conducts in Chicago  
a transient hotel for men, a high sky-  
scraper, calculated to give its tenants  
clean surroundings, morally and physi-  
cally, but homeless boys under 17, hun-  
dreds of whom drift into Chicago every  
week, may rely on the dangerous ex-  
pedient of seeking a rooming house, or,  
if without funds may sleep behind ash  
barrels," Mr. Brown said today. "I  
have housed scores of these boys in my  
own home until jobs and recurrent  
pay-days lifted them off the rocks, and  
I know what even a few days of decent  
surroundings can do for them."

"The large and properly conducted

## READY TO "SHOOT" NIAGARA FALLS

LONDON—The next daring feat on the program for G. G.  
Stephens, an Englishman, will be the "shooting" of Niagara  
Falls. He's going to attempt the stunt in a barrel equipped  
with an ingenious breathing apparatus. Stephens has performed  
many other daring feats.

hotel for which we are working, and  
which will not be a 'Boys' Home,' will  
be equipped to do for thousands and  
thousands of kids what my feeble ef-  
forts have accomplished for a few  
hundred."

Iron will melt at a temperature of  
about 2000 degrees above zero.

## WARNING

## Lift Off Corns!

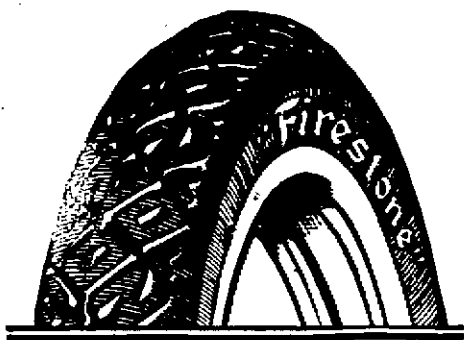

Doesn't hurt! Lift touchy corns and  
calluses right off with fingers

Apply a few drops of "Freezone" upon that old,  
bothersome corn. Instantly that corn stops  
hurting. Then shortly you lift it right off,  
root and all, without pain or soreness.

Hard corns, soft corns, corns  
between the toes, and the  
hard skin calluses on  
bottom of feet lift  
right off—no  
humbag!

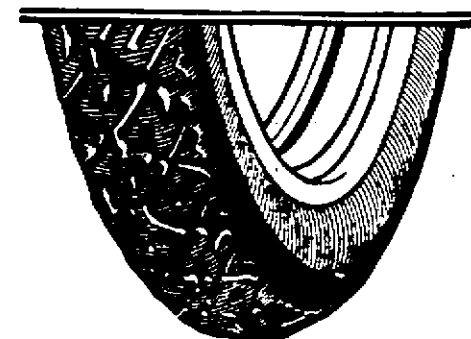

Tiny bottles of "Freezone" cost  
but a few cents at drug stores

What  
Most Miles  
per Dollar  
Means To  
7,000,000  
Car Owners

The thing that  
every tire buyer—  
for big car or small  
—is trying to buy,  
is mileage economy.  
And the one way to  
produce it is  
scientific manu-  
facturing.

That means quan-  
tity buying, quan-  
tity production  
and quantity sell-  
ing — always the  
Firestone way to  
better tire values  
at low cost.  
Buy Firestones!

Most miles per dollar is a Firestone pledge, in the big  
car owner as well as to the owners of light cars. See  
the new Standard Oversize Firestone Car.

## RULING ON COMMUNISTS

## Sec. Wilson Says Membership in Party Not Sufficient Grounds for Deportation

WASHINGTON, May 6.—Secretary of Labor Wilson ruled yesterday that membership in the communist labor party does not of itself constitute sufficient ground for deportation of aliens.

In ordering cancellation of a warrant under which Carl Miller, a German, was held because of such membership, the secretary declared that while extracts from the organization's platform indicated an extremely radical objective, there was no evidence of intention to use force or violence toward organized government.

The department of justice frankly deplored the labor secretary's decision. Asst. Atty. Gen. Garvan, in charge of raids on radical elements, asserting that because of it, all undesirable aliens could enter the folds of the com-

munist labor party and be free from government interference.

Since Mr. Wilson already has held that an alien could not be deported because of membership in the I.W.W., only membership in the communist party now brings an alien within the purview of the law providing deportation for those affiliated with existing organizations that believe in or advocate overthrow by force or violence of government.

Although Mr. Wilson declared that examination of their platforms showed some very substantial differences be-

tween the communist and the communist labor parties, Mr. Garvan asserted last night that in principle, they were "absolutely the same," and predicted that members of the communist party, now outlawed, would affiliate with the communist labor party to avoid deportation proceedings.

In a general review of the case Secretary Wilson said it had been argued by counsel that the tactics of the communist party in Russia "are the methods intended to be pursued by the communist labor party of America and that certain statements of prominent communists relative to the objects of the communist labor party should be taken as showing the intent of the party itself."

"The tactics of the communist party in Russia," he added, "can have no bearing on the communist labor party in the United States except insofar as those tactics are accepted or adopted by the communist labor party; nor can the statements made by prominent members of the party be accepted as the expression of the organization unless the party by its own action adopts the statements."

"Excerpts from the communist labor party platform and program indicate an extremely radical objective but there is nothing in that which discloses an intention to use force or violence, or that is incompatible with the use of parliamentary machinery to attain the radical end it has in view. The belief in, teaching and advocacy of the class struggle, mass action, the

conquest of political power, the dictatorship of the proletariat, socialism, communism, the one big union, shop committees, shop stewards and other social, industrial, economic and political changes mentioned in the communist labor party platform and program, however reprehensible these things may be to the minds of any or all of our people, do not bring the organization within the purview of the act, as long as it does not propose to use force or violence to accomplish its purpose. If the American people are left free to discuss and decide the questions presenting themselves for consideration from day to day, uninfluenced by the threat of force or violence, they can be relied upon to protect themselves against any false philosophies, wild-eyed revolutions, or dictatorships of any kind."

Commenting last night on Secretary Wilson's labor ruling, Asst. Atty. Gen. Garvan said it meant that "all aliens can enter the folds of the communist labor party and the government cannot touch them." He added that they could "advocate revolution and keep on advocating violence with perfect impunity unless congress changes the law."

Mr. Garvan said that until Atty. Gen. Palmer had had an opportunity to study the opinion in the case, the department's course as to future action against radicals could not be determined.

"By virtue of the authority placed in the secretary of labor to interpret application of the law," Mr. Garvan added, "the case of the department of justice falls flat. There is nothing more it can do in apprehending such menacing characters as we believe constitute the communist labor party."

The department of justice raids of last January disclosed the membership of the communist labor party to be between 50,000 and 100,000, Mr. Garvan said. He did not believe these figures indicated the actual strength of the group nor, he said, did they reveal anything "as to the number of Bolsheviks which will flock to the haven created by the latest ruling."

Mr. Garvan declared the department of labor already had released about 1600 members of the communist labor party who were taken in the January raids and that warrants in the cases of about 200 others would be cancelled as a result of the ruling.

SIG REDUCTION IN NUMBER OF MAGAZINES SHIPPED FROM U. S. TO CANADA

TORONTO, May 6.—Shipments of magazines from the United States to Toronto are from 54 to 61 tons less weekly than during normal distribution, as a result of the paper short age in the United States. It was stated today. Several publications which previously had wide circulation in Canada, have virtually discontinued shipments across the border.

WOOD ASSURED 10,000 PLURALITY IN INDIANA

INDIANAPOLIS, Ind., May 6.—Major General Leonard Wood with a total of 41,514 votes, apparently is assured of a plurality of almost 10,000 over Senator Hiram W. Johnson of California who has 12,432 on the face of unofficial returns from 3183 precincts out of 3187 in Indiana in Tuesday's primary election. The 204 missing precincts are in 14 scattered counties of the 92 of the state.

Gov. Frank O. Lowden of Illinois, with a total of 36,782 votes continues in third place, while Senator Warren G. Harding of Ohio is fourth with 19,216.

The question of whether Indiana's 26 delegates to the national convention shall go instructed for Gen. Wood because of his plurality or uninstructed will come up for settlement at the state convention next Wednesday. The state law provides that only a majority of the votes cast is binding on the delegates.

Johnson's Lead Grows

SAN FRANCISCO, May 6.—Belated returns from Tuesday's presidential preference election early today had increased to 156,839, the lead of the Senator Hiram W. Johnson group of delegates over the Herbert C. Hoover ticket.

With all but 491 of the 5724 precincts in the state heard from, the vote stood: For Johnson delegates, 350,525; for Hoover delegates, 193,026.

## ANNUAL MEETING OF THE BOARD OF DIRECTORS OF THE Y.M.C.A.

At the annual meeting of the board of directors of the Y.M.C.A. on Wednesday evening, Louis A. Olney was re-elected president of the association. Robert Fryland, C. F. Flemings and F. B. Rollinson were new directors chosen, while the following were re-elected: W. H. G. Wight, S. H. Thompson, C. B. Redway, O. W. Butler and H. J. Hall. Other officers chosen were: Donald M. Cameron, vice president; C. B. Redway, treasurer; W. H. G. Wight, clerk; R. W. Black and I. O. Small, auditors. John F. Sawyer and D. L. Page were re-elected trustees.

Among the reports submitted was one which showed the present membership of the association to be 1877, including more than 800 from memberships given to service men.

SIR LOUIS A. JEFFE DEAD

QUEBEC, May 6.—Sir Louis Amable Jette, lieutenant governor of the Province of Quebec from 1898 to 1908, and chief justice of the provincial court of king's bench from 1909 until his retirement a few years ago, died here last night. He represented the Dominion of Canada on the Alaska boundary commission in 1903 and was formerly a member of the Canadian parliament.

## Red blood

"Rich, red blood coursing through your veins is a sure sign of a good digestion. Unless your stomach, liver and other digestive organs are working promptly and thoroughly, the blood cannot assimilate all the nourishment from your food; your energy and vitality are not renewed. Eat all you want, only avoid too much pastry and rich foods, but be sure to take plenty of time, to chew slowly and well. Chewing is the first part of the process of digestion. A teaspoonful of "L.F." Atwood's Medicine occasionally, will purge your system of impurities, and allow only nutritious elements to enter the blood. It will keep your liver active and you will get the full benefit of your food.

Keep a bottle of "L.F." always on hand. It is absolutely harmless under all conditions, and will help young and old alike. It has been a household remedy in many families for three generations. Your dealer sells it for 50c a bottle. If you have never tried it, get a bottle today. "L.F." Medicine Co., Portland, Maine.

1¢ A DOSE

Be Careful What You Wash Your Hair With

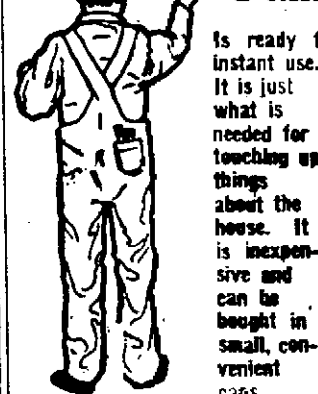

Most soaps and prepared shampoos contain too much alkali, which is injurious, as it dries the scalp makes the hair brittle.

The best thing to use is Mulsified coconut oil shampoo, for this is pure and entirely greaseless. It's very cheap and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff. Adv.

## QUEEN ANNE

Paint

Is ready for instant use. It is just what is needed for touching up things about the house. It is inexpensive and can be bought in small, convenient cans.

## LOWELL HIGH GETS JUMP ON ARLINGTON

Lowell high ran its string of consecutive victories up to four yesterday afternoon when Arlington high was defeated at Arlington by the score of 5 to 4. Lowell got the jump in the first inning, hitting and bunched hits with Arlington errors in the first inning for four runs. They made another in the third inning, and the local boy gave way to McAdams in the fifth inning. Although McAdams held the lead in the seventh, Arlington was unable to tie the score. O'Hare hit well for Lowell, setting a single and a triple. Coach Donahue's boys will jump back into the harness tomorrow afternoon when Boston high school of commerce sends its team in Sullivan Park. Orday will draw the pitching assignment. The score of yesterday's game follows:

Team	ab	r	h	o	a	e
Cahill 1b	4	1	1	0	0	0
Reynolds 2b	4	1	1	0	0	0
O'Hare 3b	4	1	1	0	0	0
Liston c	4	1	0	0	0	0
McAdams cf	4	0	0	0	0	0

Hit by pitcher: By Goldman (Viano). Struck out: By Goldman 6; by Viano 2. McAdams 1. Time: 1h. 55 min. Umpire: Leahody.

## MR. PEQUIN

## He's the Little Man With a White Vest

You might say about Mr. Penguin that he's the little man with a white vest. This bird is one of the most curious and interesting of the feathered tribe. He stands erect like a man, with his coat tails touching the ground behind, his round, aldermanic white vest in view in front, and with the wisest most cocksure look imaginable on his face.

Like the American pelican, penguins live in colonies. In the Pacific is one island called Macquarie. That is one-third the area of Chicago, but with double the population. In penguins, that Chicago has. It is estimated that at least 5,000,000 of these birds inhabit the island. There are whole areas where the ground is completely hid-

den by nesting penguins. As many as 150,000 a year are killed for their feathers, and to boil down for the oil in them. Only one egg is laid, but there is no sign of the colony diminishing.

Penguin has very short legs and inasmuch as he is three feet high and pretty robustly built, he is very awkward on them. His wings are more like flippers and they enable him to swim easily under water, where he gets his food. He often dives to great depths. He doesn't fly much. His home is in the cold seas, close to eternal ice and so as to keep him warm nature has provided his body with a layer of blubber-like fat. When you see a penguin at sea you usually see an army of them because they go about in great "swimming schools."

Some penguins build nests; others lay their eggs on the bare ground. But they are most devoted. Both Penguin and Mrs. Penguin sit on their single egg and the mother takes care of the baby penguin for a whole year until another egg arrives, needing undivided attention. Fossils have been found showing that this bird used to be six to seven feet tall.

## SO TIPS FOR CADDIES

NEW YORK, May 6.—A plan to abolish the custom of tipping golf caddies and reward worthy ones with a cash bonus at the end of the season, has been suggested by the United States Golf association in letters sent to the secretaries of its affiliated clubs. The caddies would also be divided into three classes, according to experience and would be paid on their rating.

## Twenty-Six Wives is This Fellow's Record

LOS ANGELES, May 4.—Pacific coast officials tracing the record of "Bluebeard" Charles Newton Harvey, report

UPPER—CHARLES NEWTON HARVEY; CENTER, MISS ELIZABETH PRYOR; LOWER, MRS. ELIZABETH J. WILLIAMS

that he has married 26 women during his career. The body of Miss Pryor was exhumed from a shallow grave at Spokane. She had willed her savings to Harvey.

Harvey married Mrs. Williamson under the name of "Lewis."

## GROCERS' ASSOCIATION

## Lowell Man Elected to Board of Directors—Cost Price Stores Condemned

HAVERHILL, May 6.—Two hundred and fifty delegates attended the annual convention of the State Grocers' association at the Elks' Home yesterday, and last evening the annual banquet at city hall was attended by 400.

The convention adopted a resolution protesting against the opening of stores by manufacturers for the sale of goods at cost and condemning the practice of wholesalers in selling goods to industrial concerns for such stores.

Charles H. Atwood, of this city, was elected president for the ensuing year and the other officers chosen were: Henry Sears, Holyoke; John Boyle, Pittsburg; C. L. Keen, North Abington; S. P. Finnegan, Stoneham; Arthur Fitts, Framingham; W. N. Curtis, Medford; W. Hampton, Fall River; J. P. Houghton, Marlboro; W. H. Sims, Braintree; M. A. Whitney, Springfield; Frank M. Fuller, Pittsfield; M. D. McLusker, Cambridge; and James H. White, South Boston, vice presidents.

These directors were elected: W. K. Hutchinson, Arlington; Alanson Gray, Lowell; W. C. Walker, Wakefield; Frederick Humphrey, East Weymouth; R. E. Foy, Quincy; F. G. Taylor, Marlboro, and H. G. Phelps, Worcester.

John A. Green, Cleveland; Paul Flindley, Los Angeles; Senator A. L. Nelson, Mayor C. H. Croy and Brig. Gen. John H. Sherburne of Brookline were the speakers at the banquet.

## FLOYD BIBLE CLASS

Last evening the annual meeting of the Floyd bible class of the First Baptist church was held in the vestry. The business meeting included the usual reports and also an address by Rev. Edward Rabcock, pastor of the church, and another by the class teacher, Rev. J. E. Dinsmore. Mrs. Betty Pace was in charge of the supper.

Harry Stocks conducted the business meeting. The treasurer's report showed that during the year the class raised \$112.17. The following officers were elected: Fred Lovejoy, president; Noble Charlton, vice president; Mrs. F. C. Amadon, secretary; Mrs. Harry Jones, assistant secretary; Mrs. H. B. Decatur, treasurer. There were songs by Raymond Mellen, Bertha Hunt and Warren Reid.

## GILBERT GALLANT WINS

SALT LAKE CITY, Utah, May 6.—Gilbert Gallant, Boston, held right, knocked out Pat Gilbert of Salt Lake City in the first round of a scheduled six round bout here last night. But one blow was struck, Gallant catching Gilbert on the point of the chin with a left hook, sending him down for the count.

## CHALLENGE ACCEPTED

Sporting Editor, Dear Sir: In answer to the challenge of Young Ryan, of the Flats, who in very loud words said he wished to meet Young Ryan, of the Flats, I wish to say that his boy has two K. O. decisions over Young Ryan, and he will fight him at any date set by Young Ryan.

## TERRY SMITH

The Lowell Circle of Epworth league chapters met last night in the Central M. E. church. Thirteen local and

## Cured His RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation. If you write to me, Eugene M. Patten, Carpenter, 125F Marcellus Avenue, Mansueta, N. J. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation. —Adv.

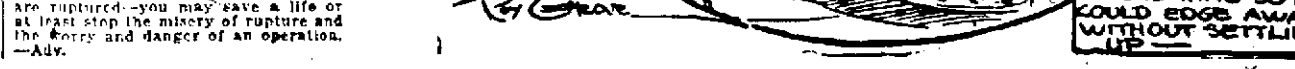

## BOYS IN THE OTHER CAR

Two suburban churches were well represented. The tabernacle hymns were sung, a prayer was read by Rev. Leslie C. Rockus of the Central M. E. church, and address given by Dr. Charles E. Spaulding on the Epworth league institute.

Refreshments were served, which will be held in Auburndale, June 25 to July 4. Rev. Karl P. Melsler, of the Centralville M. E. church, spoke of the Epworth league also; and Granville Methodist churches.

There were delegations present from the Swedish Methodist church in Moore street and the West Chelmsford and Granville Methodist churches.

BY GROVES

## FEW SUGGESTIONS FOR FISHERMEN

Expert Doesn't Tell You How To Fish  
But He Has Some Very Good Tips  
To Offer—Natural Bait Much Better  
Than the Artificial

HE ISN'T THINKING OF ANYTHING ELSE

BY MORRIS ACKERMAN

Well Known Fish and Game Authority  
Each season about this time every  
fishing writer in the country comes  
forth with an effusive "how to fish"  
to our own knowledge we have been  
one of the guilty ones for the past half  
dozen years. This time, however, we  
will eliminate the "how" and come  
forward with the suggestion.

There are two baits—either natural  
bait, comprising the whole worm,  
minnow and a number of other recog-  
nized fish-fatteners, or the make-  
believe bait that comprises the wooden  
whirling spoon and other non-  
palatable fin-foolers.

If you are going to sit still on the  
bank of a stream or lake or fish from  
a boat or canoe, assuming of course  
that your idea in sitting still means  
that you will still fish, natural bait is  
not only called for but its failure to  
forthcome means your failure to come  
forth. We suggest, therefore, that you  
make your natural bait as tempting as  
possible to the hungry fish. For the  
worms the user of "live bait" will get  
better results from bait that is live.  
The more "kick" in a minnow, from  
millions of noisels, but the more  
change in attracting the fish to the use  
of a bit of sardine in its business of ac-  
quiring the day's provender. We are  
frank to admit there is no such thing  
as a free lunch. But if you will use a  
hard kick in a not-so-bait, bluebills go  
crazy about them, however.

In artificial baits there is everything  
from the sawed-off end of a baseball  
bat bristling with sets of fake hooks  
to the delicate-eyed fly. For the  
fish to even suspect the kind of  
lures that will best suit your fancy  
and deliver the greater number of  
"goods." Experience has taught us,  
however, that the light stickle hook-  
casting lures are more apt to do busi-  
ness, for many reasons.

The lighter the lure the lighter the

fish. The least number of hooks the more  
action from your fish and the easier to  
put a good fish back if you are not  
suited with it.

We suggest in casting that you use  
a soft or medium soft silk line, not  
forgetting to have your line closely re-  
lated with the weight of the lure.

Try and keep the line dry. Run it  
out each night and reverse the next  
day.

A poor line is the poorest investment  
we know of.

You will find a half dozen lines at least  
for two weeks' casting, and if your  
guides are not smooth you will need  
more. Keep your reel well oiled. It's  
like any other piece of machinery.

It has been said that the early morn-  
ing is the best of all times to fish. We  
believe this to be true. Fish first and  
breakfast second. And sleep third, if  
desired. An early morning start will  
usually bring you more success than  
the rest of the day put together.

It is quite unnecessary to tell a man  
to troll along the shore and under  
trees and to drift his line over the river  
—so we won't mention it further.

We have made many fishing and  
hunting trips. We have watched de-  
veloping into experts. This develop-  
ing didn't come from shooting crabs  
or playing to see who would get the  
biggest hand with five cards. Pass  
those pleasures for the shades of night.  
As a nation "succession" we advocate  
you go fishing this year and that you  
play out your whole string—that you  
ascertain whether, if there is a fault,  
it be with your efforts or really a lack  
of fish.

EMPLOYEES TO GET  
VACATION WITH PAY

WOONSOCKET, R. I., May 6.—The  
Woonsocket Rubber Co., a branch of  
the United States Rubber Co., footwear  
division, it was announced today, will  
give its 2200 employees in the Alice mill  
here and its plant at Millville a week's  
vacation with pay, closing the plants  
from July 31 to Aug. 2.

Previously the plants have been shut  
down for two weeks during the sum-  
mer without pay to the employees.

## WILL OBSERVE

## MOTHERS' DAY

BOSTON, May 6.—Mothers' day, to be  
observed next Sunday, will have a  
triple significance in New England  
this year.

Not only will thousands pay tribute  
to the greatest of all women—their  
mother—by displaying a flag, in place  
of the time honored carnation, but in  
churches all over the six Yankee states  
there will be observed Salvation Army  
Sunday, proclaimed for home service  
drive week. In addition it will also be  
"Florence Nightingale Sunday." Wed-  
nesday, May 12, is the 100th anniver-  
sary of the birth of the famed English  
nurse.

Colonel Adam Gifford of the New  
England headquarters has asked every  
Salvation Army worker in his juris-  
diction to honor all mothers by wear-  
ing a flag on Sunday. His order was  
issued as soon as he learned that flags  
or a piece of red, white and blue rib-  
bon are to be used this year instead  
of the usual flowers, on account of the  
high cost of blossoms.

Many a boy who knew the "Salter"  
overseas, some of them the same girls  
and women who will appeal for  
\$1,250,000 from New England during  
the army's home service drive, May 10  
to 20, sent home his final message to  
his mother by a Salvation Army repre-  
sentative. It is for this reason—so  
especially honor the mothers of those  
who didn't come back, that the wear-  
ers of the red shield will have their  
uniforms adorned with the flag next  
Sunday. Many New England clergy-  
men have also announced that they  
will preach on "Mothers and the Sal-  
vation Army" to their congregations  
next Sunday.

Mothers are to be further honored  
by a general display of the flag on all  
public and private buildings, and from  
every home where there is a national  
emblem. Every city and town official  
is urged to see to it that municipal  
flags are flown Sunday without fail.

## GOING TO RUSSIA

Germans to Engage in Truck  
Farming There

MOSCOW, May 3.—Three hundred  
Germans, the vanguard of a large  
number of skilled workers planning to  
emigrate to Russia, are expected to  
arrive here in the near future. These  
men who will enter Russia by way of  
Reval, will engage in truck farming  
to supply the Moscow market.

TWO CHILDREN  
BURNED TO DEATH

WAREHAM, May 5.—Two children of  
Manuel Lopez, Enls. aged four, and  
Dorothy, 18 months, were burned to  
death in a fire that destroyed his home  
at Codman's Point today. Lopez saved  
his wife who was ill and four other  
children.

## DON'T STAY RUN DOWN

If you have been indiscreet in eat-  
ing, living habits, or your system taxed  
by overwork, and you have become all  
run down, don't stay that way, it is  
dangerous, as you are in a condition  
to take on many other more serious  
diseases. Build yourself up again by  
simply taking from 10 to 20 drops of  
SEVEN BARKS in a little water after  
each meal, and watch how quickly you  
will regain your normal health again.

People beyond the age of middle  
life cannot stand what they used to,  
and have to be more discreet in all of  
their modes of living. The majority  
of such people need to take occasion-  
ally a good stomach and liver regu-  
lator, for it is an indisputable fact that,  
by keeping the liver active and diges-  
tive organs cleansed and in proper  
working order, old age can be de-  
ferred and life prolonged far beyond  
that enjoyed by the average person.  
To attain this there is no better regu-  
lator than SEVEN BARKS, which has  
for many, many years faithfully and  
successfully served the public.

If your system gets run-down, take  
warning, or you will be sorry when  
it's too late. Take plenty of exercise,  
fresh air, keep good hours, eat mod-  
erately of the right food, and tone up  
your stomach, liver and kidneys by  
taking SEVEN BARKS. For sale by  
druggists, 60 cents per bottle.—Adv.

## TEWKSBURY NEWS

Dedication of New Town Hall  
—Other Items

The new town hall in Tewksbury is  
nearing completion and it is expected  
unless something unforeseen hap-  
pens that the new building will be  
ready for the formal dedication about  
the middle of this month. Landscap-  
ers are now busy grading the  
land surrounding the building, while  
carpenters are putting on the finishing  
touches in the interior of the struc-  
ture. The bell has arrived and will be  
put in place shortly, while the big  
clock for the tower, which was donat-  
ed by a resident of the town, is on its  
way and is expected here within a few  
days.

The building committee, which is in  
charge of the arrangements for the  
dedication of the building, will meet  
late this afternoon and will set a  
date for the exercises. Benjamin Spaul-  
ding, chairman of the committee, stat-  
ed yesterday that the event will be a  
home affair as far as possible and will  
consist of an inspection of the build-  
ing in the afternoon, a banquet, en-  
tertainment and reception in the eve-  
ning. The building committee is com-  
posed of the following: Benjamin  
Spaulding, chairman; Harry L. Shedd,  
Irving French, Stanley McAusland,  
Frank H. Farmer, J. K. Chandler and  
H. A. Paige.

Shortly after the building is dedi-  
cated the town will hold a reception  
for its veterans of the world war and  
nothing will be spared to make the  
affair a most enjoyable one. The com-  
mittee appointed at the last town  
meeting will soon get together and  
map out a program and then the resi-  
dents of the town will be asked to put  
their shoulders to the wheel. Another  
event scheduled to be held in the  
town hall in the near future is a ba-  
nquet.

## Grange Meeting

The regular monthly meeting of  
Tewksbury grange was held Tuesday  
night in Pickering hall. There was a  
large attendance and considerable  
business was transacted. The first and  
second degrees were conferred on  
large classes of candidates and at the  
close of the business session, an en-  
tertainment was given. Mrs. Maude  
Griffin occupied the master's chair  
during the session.

## Memorial Day

The Memorial day exercises in  
Tewksbury will be carried out this  
year by Post 42, G.A.R. of this city. In  
the forenoon a concert will be given  
on the common in front of the town  
hall and later the veterans will pa-  
rade through the town and to the  
cemetery, where appropriate exercises  
will be held. At noon, dinner will be  
served in the town hall by the Ladies'  
Aid society and this will be followed  
by a brief reception. The few veterans  
of the Civil war, who reside in the  
town as well as the young men who  
served in the world war will take part  
in the exercises.

CHROME DEPOSITS SUFFICIENT TO  
MEET WORLD'S DEMANDS

FOUND IN SERBIA  
BELGRADE, May 6.—Chrome depos-  
its sufficient to meet the world's de-  
mands have been discovered in Serbia.

It is announced by the American ad-  
visory committee to the Jugo-Slavian  
government. The discovery was due  
to the gratitude of natives who  
brought large quantities of the ore to  
the American Red Cross hospital at  
Prizren, on the Albanian border, af-  
ter being given treatment.

Mining machinery taken by the Aus-  
trians is expected to be delivered soon.  
It is said rich veins of lead and cin-  
nabar have been found in the same  
region.

## WOULD SEND EXHIBITION SHIPS ABOARD

LOUISVILLE, Ky., May 4.—American manufacturers and commercial organizations are being urged to adopt the idea of the British and Japanese and send exhibition ships abroad to display American goods in foreign ports. The idea has been proposed to the American business men by H. G. McLean, assistant foreign traffic manager of the Southern Railway System, who has headquarters here. Mr. McLean has suggested that shipping board vessels be fitted out as exhibition ships to carry American products to new markets and thus meet the competition of the British and Japanese manufacturers.

Mr. McLean has called the attention of various commercial organizations to the fact that Japan as well as Great Britain has adopted this plan in her race for the world's trade and that Japanese ships will be sent around the world carrying exhibits by a co-operative organization embracing a large number of Japanese manufacturers.

Mr. McLean, who also is regarded among railroad men as an authority on international trade, points out another feature in this connection which he regards of great importance. British and Japanese manufacturers, he asserts, through the co-operation of labor leaders in their countries have persuaded labor that "strikes against production" in the United States would soon enable those countries to capture German trade markets aggregating nearly \$5,000,000,000 annually with a consequent addition of \$3,000,000,000 in wages paid British and Japanese workmen.

Mr. McLean says that intensive production both in Great Britain and Japan has enabled those countries not only to provide ample stocks for domestic consumption but also for export in competition with American products in foreign markets.

## CHALIFOUX CLERKS' ANNUAL BANQUET

The annual banquet of the Chalifoux Clerks' Mutual Benefit association was held last evening in Grafton hall and later the clerks adjourned to Merrimack hall upstairs where the annual business meeting was held and general dancing enjoyed.

The banquet menu was a hot roast turkey supper served by the Page Catering company. Arthur L. Hiser presided as toastmaster and there were addresses by Harold Chalifoux, Louis Studley, Leon Townes and Harold Judge. The Misses Ann Place, May Bradley, Alice Murningham and Rose McCarty entertained with solos and Miss Mary Breen with violin selections. Miss Marion Shaduck was accompanist.

Officers for the ensuing year were elected as follows:

President, William Saucier; vice president, Miss Jeanette Cote; recording secretary, Miss Josephine O'Brien; treasurer, Louis Cote; financial secretary, Henry Chaput; auditors, May Bradley, Eugene Queenan and Margaret Wilcox.

The total annual production of gold throughout the world amounts to nearly \$500,000,000.

## THE WONDERFUL FRUIT MEDICINE

Every Home in This State Needs "Fruit-a-tives"

To those suffering with Indigestion, Torpid Liver, Constipation, Sick or Nervous Headaches, Neuralgia, Kidney Trouble, Rheumatism, Pains in the Back, Eczema and other Skin Affections, "Fruit-a-tives" gives prompt relief and assures a speedy recovery when the treatment is faithfully followed.

"Fruit-a-tives" is the only medicine made from fruit—containing the medicinal principles of apples, oranges, figs and prunes, combined with valuable tonics and antiseptics.

60c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid, by FRUIT-A-TIVES Limited, OGDENSBURG, N. Y.

## HARRIET AND THE MOSQUITO AGREE

Harriet Hammond looks in to remark that the half-hose fashion for ladies is sure to be appreciated more when comes the real hot summer weather.

And every mosquito agrees with her! It has been some considerable while since Dame Fortune drew a card more tickling to the sweater tribe than the socks for feminine limbs.

As Miss Hammond so aptly remarks: "There has been a fearful waste of material in full-length stockings."

She argues: "The half hose for ladies ought to conserve cotton and silk, which, goodness knows, is scarce enough now; at least, they tell you so when you say the price is too high."

"If every pair of stockings were cut in two, there'd be two pairs of socks for every lady who has but one pair of stockings now."

But the hard hearted dealer punctures this dream by uttering as follows:

"The price of ladies' half hose will be about as high as stocking prices."

In other words, the socks will be half as high, but the price will be just as high. Get that?

In passing permit us to recall your attention to the fact that Wichita, Kan., introduced the genuine sock, thereby gaining another lap on Paris, New York and Atlantic City.

Which resurrects William Allen White's old query:

"What's the matter with Kansas?"

Nothing! Absolutely not a thing! Take that answer from Harriet Hammond, whose words, uttered with a view of often on the screen, are displayed below:

At present the richest gold field in the world is in South Africa, which yielded in 1917 a value of \$125,000,000, somewhat exceeding the combined yield of the United States and Australia.

OPEN FRIDAY NIGHTS TILL 9.30

## Humphrey O'Sullivan's Campaign

AT THE

MERRIMACK CLOTHING CO.

SELLING

CLOTHES To the People of Lowell AT COST

PLUS EXPENSE OF SELLING

Brought thousands of shrewd buyers to this great store last Friday and Saturday. We don't like to pat ourselves on the back---but listen---on the quiet---we never saw anything like it before. Sold more merchandise in these two days than in any ten other days since we've been in business---And by the way, remember, the more merchandise we sell the lower our cost of doing business and the less it costs us to sell goods the lower you can buy them---So if you're interested in helping to bring down the cost of clothes be here Friday morning at 9 o'clock and take advantage of this bit of good fortune.

Three big manufacturers join forces with us in bringing down the cost of clothes---They were caught with too many goods, and on account of the cold rainy season found it impossible to dispose of their stock at a profit---They heard of our campaign and offered their stocks to us for cash at cost plus manufacturing expenses. To make a long story short---we bought their stocks and will have them ready for you

## FRIDAY MORNING AT 9 O'CLOCK

## CENSUS RETURNS

Population of Bath, Me.,  
Increased 5335

WASHINGTON, May 6.—Census returns for 1919 announced today included:

Bath, Me., 14,731; increase 5335, or 55.8 per cent. over 1910.

Ann Arbor, Mich., 19,516; increase 4599 or 31.7 per cent.

Mexico, Mo., 6015; increase 74, or 1.2 per cent.

Hammond, Ind., 34,006; increase 15,019 or 42.1 per cent.

Marion, Mich., 11,573; increase 4460 or 37.9 per cent.

Jacksonville, Fla., 91,343; increase 26,394, or 55.7 per cent.

Katon Rouge, La., 21,782; increase 6885 or 46.2 per cent.

HOOVER SURPRISED  
AT HIS BIG VOTE

NEW YORK, May 5.—Herbert Hoover issued a statement here today in which he expressed surprise that "under the circumstances so large a vote should have been cast in California for the delegates favoring my nomination."

"For my friends, in entering my name, introduced no personal issue but asked an opportunity to register a protest at Senator Johnson's extreme opposition to any league to prevent war and reduce armaments," said the statement. With a group of amateur clubs only a month old, they were, of course, handicapped in opposing the regular party organization, but the real situation is that the people of California have been much torn between their loyalty and friendship to the senator for his able rescue of the state during his governorship from vicious corporation control, and his too narrow vision on our international necessities. The fact that in these circumstances more than a third of the party protested against this latter view should strengthen the support of the republican majority in the senate."

ARMOUR & CO.  
ANSWER CHARGES

CHICAGO, May 6.—Armour & Co. issued the following statement here yesterday concerning the profiteering charges made against it in Boston:

"The facts as reported relative to our indictment in Boston are not correct. Instead of being indicted we should be commended. There is a crying need for more food and the lamb supply is very short and the price exceedingly high. Last winter we foresaw this condition and arranged to ship in lambs from New Zealand, to cope with it. The New Zealand lambs which we have been selling in Boston are of unusually fine quality, but we are selling them below the market price for western lambs and were it not for these New Zealand lambs, the price of western lambs would be even higher than it is now."

"As a result of a transaction which has added to the available supply which has kept the prices of western lambs from going higher and which has actually given the market fine quality lambs at a lower price, we have been indicted. Maybe those who are responsible for our indictment do not want the cost of living reduced. Certainly it is a species of camouflage for political effect to indict us for bringing in lambs from New Zealand, and selling them for less than the domestic lambs can be bought."

## DEMOCRATIC CONVENTION

PROVIDENCE, R. I., May 6.—The democratic state convention which was held here this afternoon was expected to elect 10 uninstructed delegates to the national convention at San Francisco, United States Senator Robert L. Owen, of Oklahoma, and Mrs. Antoinette Funk, of Washington, D. C., addressed the convention.

In South America there are some trees known as "cow trees," which yield a rich, milky, nutritious juice resembling in appearance and quality the milk of the cow.

Suffered Ten Years  
From Indigestion

Trouble Gone, Appetite Strong,  
and Eats Anything Without  
Distress.

"I had a case of catarrh and indigestion, of ten years' standing. I had been treated by the best medical men in Michigan. When I commenced taking Milks Emulsion, I was in bed. I improved so fast that I kept the neighbors wondering. I am now up and working every day. My cough is gone. My appetite is great, and I can eat anything without hurting me."—H. D. Lovelee, Rockford, Mich.

Indigestion is seldom cured by "helping" the stomach digest food. Digestives, like physic pills, usually make slaves of the stomach and bowels.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physies. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day. It produces remarkable results in colds, coughs and bronchial asthma.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind., sold by druggists everywhere. Sold and guaranteed by Fred Howard, 197 Central St.—Adv.

# A BIG DRIVE TO CUT CLOTHING COSTS

The Public demands lower Clothing prices. We are heartily in accord with this movement. High prices discourage buying. We want lower prices just as you do. And we expect these reductions to be a vital factor in securing them. Let us co-operate. Every item is from our regular stock; every SUIT and TOPCOAT is this season's style, pattern and fabric.

## AMERICAN WOMEN FLEE

Relief Workers in Near East  
Ordered Into Tiflis by Col.  
Haskell

BATUM, Caucasus, May 5.—(By Associated Press).—All American women workers with the American committee for relief in the Near East have been ordered into Tiflis by Col. William N. Haskell, in charge of operations, as a result of the capture of Raku by the Russian Bolsheviks. A few women engaged in relief work north of the Caucasus mountains, have been sent here.

Georgia has refused to permit Armenian railroad to obtain oil. In consequence, railway traffic has been virtually suspended and the shipment of relief supplies has been interrupted. Labor unions here have announced they will refuse to allow stores of clothing, food and supplies to be taken out of the city.

Danger of the entire Caucasus region increasing Bolshevik, is causing great uneasiness among business men here.

PRIVY COUNCILLOR  
OF JAPAN DEAD

HONOLULU, May 5.—Viscount M. Sugai, privy councillor, died today aged 50, according to a Tokyo cablegram to the Japanese language newspaper Nippon Jiji.

Magoshihira Sugai, who since 1897 has been privy councillor of the Japanese empire, was born in January, 1865, and was descended from an ancient samurai clan. Early in life he entered public service and in 1885 was sent to Europe as an attaché to the minister sent there by the Shonkunate government. He took an active part in the restoration movement and was later made lord steward of the emperor dowager's household. He was created a viscount in 1917.

TO DISCUSS HIGH  
COST OF SHOES

ATLANTIC CITY, N. J., May 6.—The high cost of shoes and other leather products will be among the problems discussed at the annual meeting of the Tanners' Council of America, which opened here today. Representatives of all branches of the leather industry, except the retail dealers were present.

## OPERA HOUSE

"The Tiger Lady" is a play that is interesting not only for the minute but it leaves something in the mind worth thinking about. It holds up a mirror to nature and it teaches a lesson that will undoubtedly be heeded. It is interesting for the reason that it reflects happenings of a nature that have occurred in the past and are liable to occur in the future. The story heart interest in it is the kind that touches the better side of every man and woman. The Lowell Theatre is interesting it in a way that will commend it to all lovers of superior melodrama.

MERRIMACK SQUARE THEATRE  
An accurate reproduction of the celebrated Tiffany jewelry store on Fifth Avenue, New York, is a feature of "The Cost," the new photoplay in which

BEAR OIL

## RICARD'S

123 Central Street  
THE GIFT HOUSE

Victor Fleming, a noted stage star, is playing the leading role at the Merrimack Square Theatre today, tomorrow and Saturday. It forms the backbone for one of the most dramatic scenes of the play. "The Cost" is taken from David Graham Phillips' celebrated novel of the same name. Bryant Washburn in "Mrs. Temple's Telegram," a comedy success, is the other feature. A new comedy, "The International News and a Barbed Wire" travel picture round out the program.

TIME STRAND  
Bert Lytell in "Alma Jimmy Valentine," and Constance Binney in "The Stolen Kiss" with the stellar attractions in the Grand screen for the last three days of the week beginning with

matinee today. It's another super-program of specials. See it.  
For swift moving, electrifying entertainment, and finished, forceful action, nothing has come to the local screen in many weeks to approach "Alma Jimmy Valentine." From the opening scene to the final close-up this Metro screen version of Paul Armstrong's internationally celebrated brook melodrama will hold its audience in a breathless tension of interest. Mr. Lytell's acting is the kind that can't be passed over without favorable comment. Especially is this noticeable that this young star exhibits qualities seldom developed by the average screen actor. He exhibits restraint, while over-acting would spoil the illusion, and this quality, coupled

with a dynamic fire in the tighter moments, enhance the play in no mean measure. The star is supported by a cast of noted screen actors and actresses.

Constance Binney, debutante star of screen and stage, in "The Stolen Kiss," should help add materially to the lure already won by this captivating little actress. It's a delightfully whimsical tale of the little pretender whose unique ability as a whistler and entertainer is the means whereby she finds love and happiness.

There's a new comedy and weekly as well.

"Hide-a-Wee Home" at the B. F. Keith Theatre, this week, are scoring one of the season's biggest hits. The story of this little play is wholesome and tender, and yet there are fine comedy touches. Raymond & Schram, singers and comedians, measure up well, while Helen & Hunter, in a mixture of comedy and violin music, are of real headline quality. Other acts are: Johnny Small & Co., Mealy, Welch and Montrose; Karl Kary and Margot & Francols.

THE OWL THEATRE  
A brand new bill of vaudeville and

pictures opens today at the Owl Theatre for the balance of the week. Margarita Fisher in the "Dangerous Talent," in six parts is the feature picture. Jen Turpen who hasn't been seen on the screen for some time, appears

**Coughing**  
is annoying and harmful. Relieve throat irritation, choking and get rid of coughs, colds and hoarseness at once by taking  
**PISO'S**

is a two reel comedy entitled "Close Shave." Turpen has had long and varied experience in comedy roles and it is needless to say that he knows just how to put it over. Episodes 5 of the "Lost City," the animal novelty serial, has some stunts and thrills new to the movie fans. The vaudeville consists of "Hi Cots," vaudeville's best xylophonist, "Theassans' Dogs" and Mabelle and Archambault, two rapid fire singing and talking comedians. A Fox News with world events while complete the bill for which the performances are continuous daily starting at 1 p. m. Night patrons arriving before 7.15 see entire big program.

## BONUS FOR SOLDIERS

### Suggestion to Give Ex-Serv-ice Men Shipping Board Ship Bonds

LOUISVILLE, Ky., May 6.—Shipping board ship bonds for soldier and sailor veterans of the great war, is suggested as a solution of the bonus question in a letter written by Samuel H. McMeekin, commander of Jefferson post, Louisville, to the executive committee, American legion, at Washington.

Mr. McMeekin suggested financing the bonus through issuance of interest-paying shipping board bonds, backed by several thousand profit-making shipping board vessels. These bonds, the plan provides, would be issued in \$50, \$100, \$500 and \$1000 denominations and be given to the veterans according to their length of service.

In support of his plan, Mr. McMeekin said it would afford immediate financing of the bonus question without additional taxation as all interest accruing on the ship bonds would be earned by the ships. Moreover, he said, it would insure American ownership and operation of a vast merchant marine.

## ENTERTAINMENT BY THE BOY SCOUTS

The Boy Scouts of Troop 9 presented the five-act play, "Scouts in Camp," in the First Congregational church last evening.

The theme of the play is built upon the honesty and integrity of the boy scouts and their training in that respect. A small, rich boy is brought before the juvenile court for theft. A scoutmaster takes interest in the boy and plans to rescue him from his associates and secure the release of all the gang with whom he has been in company, on their promise to attend the summer camp. Between the acts ice cream and cake were served. The proceeds of the play will go towards defraying the expenses of the summer camp and the results were gratifying to the patrol masters.

The cast of characters follows:

Mr. Powell, scoutmaster, Charles G. Mierk  
Roscoe, aide de camp, Philip Richardson  
Mr. Shattuck, Scoutmaster, Guy W. Butler  
Mrs. Shattuck, Scoutmaster, Guy W. Butler

## TRAINS UNDER FIRE

### First Attempt at Sabotage in French R. R. Strike—Socialist Arrested

PARIS, May 6.—Ernest Loriot, a prominent member of the Socialist federation of the Seine, was arrested today, charged with plotting against the interior security of the country in connection with the railroad strike.

The strike situation was unchanged both the government and the labor federation claiming victory.

Marseilles and Havre are completely tied up by the strike of dock workers, while railroad service is greatly retarded. Only 57 trains were dispatched from St. Lazare station yesterday, while in normal times 562 leave this terminal daily.

The first reported attempt at sabotage was received today when an investigation is said to have disclosed that rail rivets loosened on the railroad near Noy-sy-le-Sec, caused a locomotive and two empty cars to jump the track. It was reported that many shots were fired at passenger trains last night and a volunteer engineer working on the Strasbourg express is said to have been wounded.

## ANOTHER REAL ESTATE TRANSFER

A big real estate deal was put through yesterday when Fred Lavigne, a prominent local business man and owner of considerable real estate, purchased the nine-tenement dwelling at 155 Salem Street. This is a wooden structure, three stories high with an all the front part of the building containing six five-room flats, while the all six three five-room tenements.

The valuation of the building is \$12,500, while the land, 5422 square feet, is assessed for \$2450, making a total assessment of \$14,950.

## REPORT BOMBS EXPLODE IN PRISON

MADRID, May 6.—Favorable developments in the labor situation are reported today from Saragossa, the dispatches announcing that all the industries there have resumed work.

The news from Valencia is not so reassuring. The unrest there is continuing and there were rumors in that city during the night that two bombs had been exploded in the prison. The report was not confirmed.

## JURY DISAGREES

A disagreement was reported this morning in superior court here by the jury considering the cross action of lost suits between A. Clarence Josselyn of Townsend and E. A. Berryman of Springfield, each of whom claimed to be entitled to damages as the result of an automobile accident in Townsend on May 7, 1919.

## ASKS ALLIES TO HAVE NEW GREEK SCHOOL WILL

### CONFIDENCE IN FRANCE COST ABOUT \$300,000

PARIS, May 6.—Frederic Franco-Marshall, minister of finance, speaking at a luncheon of the Anglo-American Press association today asked that the allies of France in war have confidence "in our determination, our love, our work, our respect of peace and justice" during peace time rehabilitation.

"Our allies during the war helped us economically and financially as well as militarily," M. Marshall said. "The victory has been common to all but the ruin of battlefields remains with France alone. Our allies and our comrades never doubted our courage during the terrible crisis and we ask them today to have full confidence in our determination, our love, our work and our respect of peace and justice."

M. Marshall declared the resources of France guarantee her future, but added: "I have refused to incorporate in the ordinary budget extraordinary expenditures for reparations for voluntary damages caused by the aggressor. Such expenses are incumbent upon Germany."

## NEWS FROM DRACUT

### Kenwood Residents Want Fare Zone Extended

Residents of the Kenwood section of Dracut have filed a petition with the management of the Eastern Massachusetts Railway company in regard to an extension of the fare zone to Brookside. It is reported that there is considerable feeling on this point as it necessitates many of the people living in Kenwood to pay an extra fare for a ride of two hundred yards or so. A short while ago the railway company changed the fare zone, moving it towards Lowell about as far as the distance marked by two white posts. On the other hand, it is claimed by the residents of the town that if the zone were moved out from the city just about two poles farther, it would give satisfaction to the greatest number of people. As it is now, in bad weather, people have to pay five cents for a ride of 200 yards. The petitioners have not yet received any reply from the railway company. The railway company claims that passengers may take a longer ride for the extra fare after reaching Kenwood, but the residents claim that most of the people do not desire to go any farther than Brookside.

## Grange Memorial Services

The annual public memorial services of the Dracut Grange will be held on May 17 in the Grange hall in Dracut Center. This is the yearly service in honor of the grange members who have died during the past year and it is expected that there will be many non-residents of the town, relatives and friends of the deceased, who will be present at the meeting.

On the same day in the Grange hall there will be an exhibition of the handwork of the Boy Scouts of the Hillside and Dracut Scout troops. This display will be especially interesting as it will include many novelties.

## School Board Meeting

The regular meeting of the school board will be held tonight. Routine business will take up the greater part of the session.

Warren W. Fox, solicitor of the town, has purchased the stucco house on Bridge street formerly owned by Mr. Christians.

Charles H. Chagnon has filed an application with the selectmen of the town for permission to store, keep and sell gasoline in and from an underground tank of 200 gallons capacity at the premises at the corner of Spruce and Merrimack ave., Kenwood. Request for a permit to store, keep and sell gasoline in and from an underground tank of 500 gallons capacity at the premises, 1915 Lakeside avenue, has also been filed. The selectmen have ordered that unless objections are presented by residents no hearings will be held and the licenses will be granted.

## Parish Remains

Elaborate arrangements have been made for the annual reunion of St. Mary's parish, Collinsville, to be held at Harmony hall tomorrow evening. Thomas J. Burke is general manager; Daniel A. Wholey, assistant; Thomas J. Foley, floor director; Thomas B. Houghan, assistant floor director. The ice cream table will be in charge of Miss Mary B. O'Reilly as matron, assisted by Mrs. Susan Gorman, matron; Miss Mary Harrison, assistant; candy table, Miss Margaret Fogarty, matron; Miss Irene Fogarty, assistant; candy wheel, Mr. George Fogarty, manager. The committee in charge of the concert consists of Miss Leona Spellman, chairman, and Mr. Angelo Collette, assistant. Markham's orchestra will furnish music for dancing and the concert program will be provided by the O'Reilly musical family with Miss Frances Tighe as soloist and the St. Michael's minstrel troupe in some rare musical specialties.

## Other Town Items

The automobile craze has further extended its sway into the town this season for several of the residents have purchased new cars and are already "touching the high spots."

The water works department has put in new water mains to the slaughter house in Hildreth street. This work was started some time ago and has been completed only recently. Other work by the water works department is planned and the directors have let the contract for the six-inch pipe to be used.

## FOUND "HOME BROWN"

A raid on a bakery in Fenwick st. last night by Officers Wynn and Clark brought to light about four gallons of "home-brew" and an ingeniously devised condensing worm or coil neatly concealed and turned in a small keg. In the search the officers also found a still fashioned from an old wash boiler. The condensing coil is made of brass pipe and the connections on the wash boiler cover show clever handiwork. The keg is no larger than an ordinary nail barrel.

## Is Dancing Teacher Shielding Someone? Detectives Are Puzzled

Miss Dorothy L. Smith

BY JAMES HENLE, N.Y.A. Staff Correspondent.

NEW YORK, May 6.—One of the strangest cases that has ever confronted the New York police, centers about Miss Dorothy L. Smith, Y.W.C.A.

dancing instructor and daughter according to her friends, of Theodore L. Schmitt, an official of the Elgin Watch Co., at Elgin, Ill.

Among the questions to which the police are attempting to find answers are the following:

Did Miss Smith steal two remnants of silk, a book and a magazine from H. M. Macy & Co., department store of this city?

If not, why did she plead guilty to that charge before Magistrate Jean Norris in the women's court?

Why should she want to steal when she was plentifully supplied with money?

Why did she tell the police that she had no friends in this city with which she could communicate?

While Miss Smith was held by the police, her friends, alarmed by her disappearance, had notified the bureau of missing persons, and requested the authorities to institute a search for her. Her photograph was sent out to all police stations, and an attack of the Jefferson Market prison, where the girl was held in \$500 bail, recognized her. Her friends were notified and bail had been provided.

Miss Smith, following her release, went home in a dazed condition. To friends, however, she offered the following explanation of her predicament: She entered the store carrying a number of bundles and, while suffering an attack of amnesia, absent-mindedly replaced these with articles from a counter. She said the silk would have been of no use to her, that she is not interested in the subject matter of the book, and had money to pay for the articles if she wanted them. Their total value has been put at \$5.37. Miss Smith says her mind was blank practically from the time she entered the store.

Miss Smith has been teaching physical culture and esthetic dancing at the Y.W.C.A. in Bayonne, N. J. She lived at No. 304 Clark, Jersey City. She is a graduate of the Elgin high school and the Chicago School of Physical Education. Friends said she preferred the name of Smith to that of Schmitt.

The world's largest deposit of salt is said to be at Wieliczka, Poland. It is 500 miles long, 20 miles wide and 1200 feet thick.

Sweaters in the new spring styles—a special lot for 3 days only; **\$9.00 values for \$6.98**

## Camphor Leaves Harvested Now By Trimming "Reaper"

CAMPHOR HARVESTER

The next time you go to a drug store to have your camphor bottle refilled refresh the memory with the fact that this common household article grows on trees down in Florida and other Gulf states. The leaves, twigs and small branches are cut from the tree at two or more seasons of the year when the main growth has become dormant. The green material is conveyed to a distilling plant where the camphor is extracted.

The camphor trees are cultivated in rows as you would any other crop. Tillage is comparatively easy, but, in harvesting the leaves and twigs the job is both a tedious and expensive operation. Heretofore the camphor-making material has been clipped from the tree by hand, which costly procedure doubtless is responsible for the advancing price of the product. Thanks, however, to the inventive skill of a specialist in the bureau of plant industry, U. S. department of agriculture, a machine has been perfected for stripping the camphor trees of their leaves, twigs and small branches. This is accomplished without injury to the limbs or impairment of the productive capacity of the tree.

The camphor-trimming mechanism, consisting of six parts, is so complete that the leaves and twigs are not only whipped into the knives of the cutting apparatus but are afterward deposited into burlap bags. The operating machinery is conveyed on a truck fitted with a framework of iron, on which is likewise located an internal-combustion engine. A cutting frame for severing the leaves and branches from the camphor trees is supported by springs, thus minimizing vibration. The cutter bar is held firmly at a proper angle for cutting the twigs, a reel whipping the branches into the cutting blade. Canvas aprons convey the severed material into burlap sacks attached to the rear of the truck.

Three men are required to operate the device, which is drawn by two mules. However, with the prospective use of tractors, two-men can direct its workings. Already under the system of hand-clipping the profitable production of camphor in Florida and other southern states had been threatened. Machinery will minimize considerably production costs.

### MONEY FOR LIBRARY

By the will of Mrs. Ora A. George Flint of Worcester, widow of Charles W. Flint of North Chelmsford, which was filed for probate Tuesday, the sum of \$13,000 is left to the Adams Library of Chelmsford with the stipulation that \$10,000 at least be used for the construction of an annex to the library which will be known as the George Memorial. Mrs. Flint also bequeathed \$1000 to the Unitarian church of Chelmsford.

### FOR LOWELL BATTERY

Another large batch of recruits signed up for Lowell's new battery last night, thereby raising the total enlistments to date to 55. The quota of 125 is expected to be attained before the week is out. More honorary memberships also are coming in, including one from A. C. Sargent of Granvilleville.

## MAYOR AS INTERLOCUTOR

Lowell Eagles Stage Minstrel Show—Big Crowd at Associate Hall

A minstrel show that got away from the routine characteristics of such affairs was that given last evening in Associate hall by Lowell serie, No. 225, Fraternal Order of Eagles.

One of the high lights of the performance was the presence of Mayor Perry D. Thompson in the role of interlocutor. Consistent practice and natural aptitude resulted in a most creditable performance on the part of His Honor and under his direction the program was carried out with a snap and vim that found a ready response in the audience.

One of the biggest crowds that Associate hall has ever accommodated was present to enjoy the fun and at no stage in the evening's program was there a dull minute. The soloists and chorus embraced some of the best talent of the city and in well chosen selections they went over "big."

Following the minstrel program general dancing was enjoyed until an early hour this morning. James J. Ward, director of the evening's program, is entitled to a lion's share of credit for the success of the affair inasmuch as he worked unceasingly and under many handicaps to present the smooth performance noted last evening. George D. Freeman, the evening's accompanist, also aided materially in the evening's success.

The program was as follows: Opening chorus; song, "Was There Ever a Pal Like You?" Miss Madeline McLaughlin; end song, "When It's Moonlight on the Swannee Shore," Miss Elizabeth Lowrey; song, "Daddy, You've Been a Mother to Me," Edward F. Donahue; end song, "Darktown Dancing School," Charles Mathison; song, "What's the Use of Kicking, Let's Go Round With a Smile," Marcella Roberts; song and dance, "Vamp," Dwyer children; song, "Your Eyes Have Told Me So," Martin F. Maguire; song, "Ding Tees," Mrs. Mary Swift Willett; end song, "O," Frank Donahue; grand finale, "Tumble Down Shack in Athlone," solo sustained by Joseph M. Reilly.

The members of the chorus were: Misses May Finnegan, Alice Welch, May Callahan, Mary Morris, Alice Tweed, Catherine Dempsey, Elizabeth Glines, Mary Lynch, Della Boyd, Catherine Dowd, Marion Cashman, Annie Morris, Mabel Hockney, Agnes McCarthy, Helen Powers, Mildred Allen, Stella Brady, May O'Hare, Gussie Barr, Margaret McCarthy, Katherine Aubrey, Winifred Riley and Messrs. James Flannery, John F. Sutherland, Arthur F. Haley, Andrew Foye, William F.

## Headaches and Backache

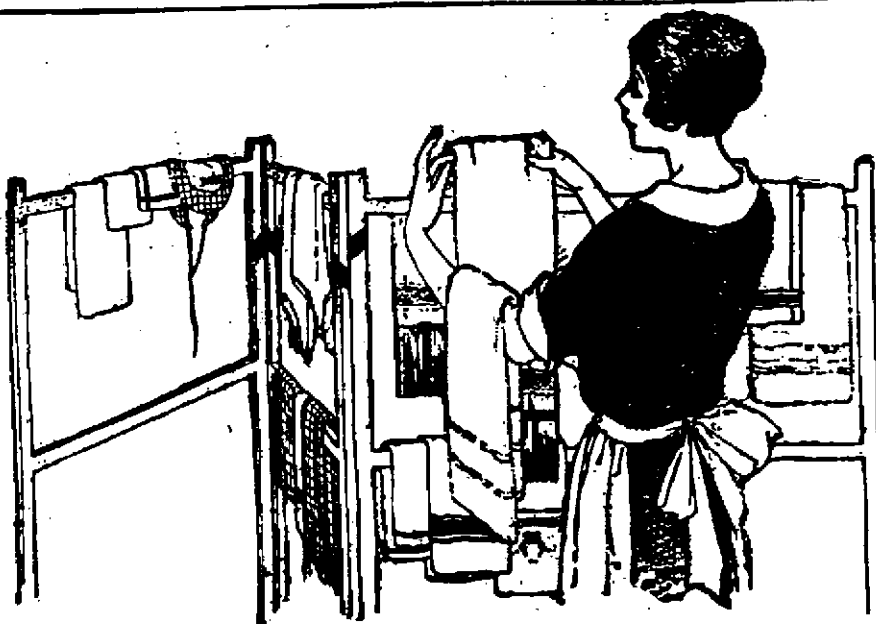

results obtained by the use of RED PILLS for Pale and Weak Women. I thought that I too would try them. I had not finished my first box before feeling much better, I gradually got stronger and my pains disappeared. My health continued to improve rapidly from that time, and after following this treatment for a month and a half, I felt fine in every way.

50 cents a box of 50 pills, 6 for \$2.50. At dealers, or from "Francis American Chemical Co., Limited," 212 Milk St., Boston, Mass.

## Bath towels— face towels—dish towels

Snowy-white—just by soaking for a few hours the new way

**TOWELS**—they do get grimy! Dirt soaked into bath towels carelessly thrown down. Smudges and cold cream blurs on the face towels. Greasy spots on the dish towels.

You can get them all delightfully clean and white—just by soaking the new way.

Instead of rubbing them to pieces over the hard metal washboard—instead of boiling out their pretty colored borders and designs—just try this new way of soaking the dirt out.

Put your towels to soak overnight in Rinso—or for three hours in the morning.

This new product is made by the makers of Lux, and is just as wonderful for the plain washing as Lux is for fine fabrics.

After three hours—rinse the towels. You will be amazed to see the dirt roll right out. Rinso has softened and loosened the dirt so

completely that it floats right off. Only the most soiled spots need a slight rubbing between the hands.

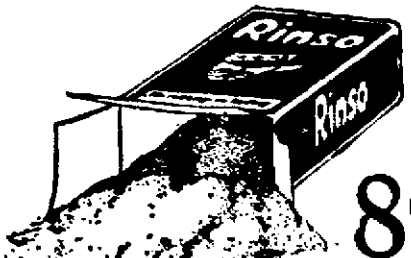

Your towels come out of the rinsing snowy-white! The colored designs, instead of looking drab and faded from boiling, show up bright and clear.

Use Rinso for all of Monday's big washing. The new way of soaking in the pure Rinso suds is so much easier on your clothes that they will last twice as long. And it's so easy to wash this way, that you can always have a big supply of everything on hand. You need never be embarrassed by running short.

One package is enough for a whole family washing. Try the new way this very next washday. Get Rinso from your grocer today—and follow the easy directions given. Lever Bros. Co., Cambridge, Mass. (Makers of Lux).

The new form of soap  
for the family washing

### 2000 ON STRIKE

Quit When Company Refused to Force Men to Pay Dues

SCHENECTADY, N. Y., May 6.—Nearly 2000 employees of the local plant of the General Electric Co., are now out on strike, between 1500 and 1700 having quit work because the company refused to compel delinquent members of the International Brotherhood of Electrical Workers to pay their dues. Several hundred more, members of the Polishers' union, also are on strike as the result of the refusal of the company to increase their pay from \$5 cents to \$1 per hour.

In connection with the I.B.E.W. strike, the company issued a statement to the effect it would maintain a neutral attitude, considering the question of dues paying one to be settled within the local union. International officers of both unions are here and are supporting the demands of the employees.

### LABOR UNION MEETINGS

President George Whalley occupied the chair at the regular meeting of the British-American Social club, which was held last evening. Routine business was transacted and two members were initiated. At the close of the business session a debate was held on the subject, "Fear and Hope," those participating being Messrs. Gunn and Pearson and Mrs. Marshall on one side, and William Stratton, Mrs. Pearson and Mr. Marshall on the other.

B. F. Butler R.C.  
Members of B. F. Butler Relief corps, 16, at their regular meeting last night voted to accept the invitation of the Sons of Veterans to attend the Memorial day banquet to be held at the First Universalist church. Two new members were received and routine business was transacted. In the early part of the evening supper was served.

The crown, as a symbol of royalty, was first introduced to Europe by Alexander the Great, who followed the Persian usage.

## DELAWARE SENATE VOTES FOR WOMAN SUFFRAGE

DOVER, Del., May 6.—Suffrage was revived in Delaware yesterday when the state senate passed a ratification bill, 11 to 6.

After rejecting a substitute offered by Senator Gormley, democrat, of Wilmington, providing for a referendum at the next election on the subject, the senate adopted the resolution of Senator Walker, republican, of New Castle county, ratifying the Susan B. Anthony suffrage amendment.

Senators Brown and Palmer, both of Sussex county, were the only republicans who voted against ratification, while Senator Price of Smyrna, Kent county, was the only democrat to support the resolution.

There was a big demonstration by

suffragists in the senate chamber following the announcement of the vote. It is proposed to send the resolution to the house today where speedy action on it is expected. Although the lower branch of the legislature defeated a similar resolution on April 1 by a vote of 23 to 9, suffragist leaders claim to have increased their strength sufficiently to assure the concurrence of the house in the senate measure.

## "DRY" AGENTS ARE PRIVATE CITIZENS

CHICAGO, May 6.—A ruling that federal prohibition agents are private citizens and therefore not competent to make complaints in internal revenue cases without written approval of the district attorney, was received yesterday from Washington by federal officers.

## The Aftermath of Flu

This is No. 1 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Pneumonia, Influenza, Whooping Cough, Measles or even a long continued Cold—often leave these organs in an inflamed, congested state, thus affording a favorable foothold for invading germs. And how Vick's VapoRub may be of value in this condition.

Your doctor will impress upon you that following recovery from the active stage of influenza, there often remains an inflamed, congested condition of the air passages—throat, larynx, bronchial tubes and lungs. Frequently the cough hangs on—soreness of the chest persists—you take cold easily and there may be obstinate catarrh. This condition is slow to clear up and if neglected may favor the development of pneumonia, or later on, serious disease of the lungs.

Such cases should continue under the care of their physician—should exercise moderately in the open air—eat plenty of wholesome food—avoid overwork and sudden chills. Nightly applications of Vick's VapoRub may help nature to complete the process of repair. Because Vicks acts locally by stimulation thru the skin to draw out the inflammation, attract the blood away from the congested spots and relieve the cough. In addition, the medicinal ingredients of Vicks are vaporized by the body heat. These vapors are breathed in all night long, thus bringing the medication to bear directly upon the inflamed areas.

Vicks should be rubbed in over the throat and chest until the skin is red—then spread on thickly and covered with hot flannel cloths. Leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel so the vapors arising may be freely inhaled. If the cough is annoying, swallow a small bit of Vicks the size of a pea.

Samples to new users will be sent free on request to the Vick Chemical Company, 231 Broad Street, Greensboro, N. C.
